

St. Joseph's College of Commerce

(Autonomous)

163, Brigade Road, Bengaluru – 560 025

Accredited with 'A++' Grade (4th Cycle) by the
National Assessment and Accreditation Council (NAAC)

Recognized by the UGC as
"COLLEGE WITH POTENTIAL FOR EXCELLENCE"

Bachelor of Commerce
(Travel & Tourism)
Semesters III & IV

Syllabus w.e.f. 2015 – 2016
Academic Year 2021 – 2022

St. Joseph's College of Commerce

(An Autonomous Institution affiliated to Bengaluru City University)

Dedicated to Excellence with Relevance

St. Joseph's College, Bengaluru was established in 1882 by the French Missionary Fathers for the purpose of imparting higher education. In 1937, the management of the College was handed over to the Jesuits, a worldwide Religious order going by the name 'Society of Jesus'. The college and its sister institutions are now managed by the Bangalore Jesuit Educational Society (Regd.). A department of Commerce was established in the College in 1949. In 1972, this department became an independent college by the name St. Joseph's College of Commerce.

Since its inception as an independent institution, the College has shown growth and progress in academics, co-curricular and extra-curricular activities. Besides, there has been a constant effort made by the College to acquire excellence in every aspect of good education. Currently it stands accredited to the National Assessment and Accreditation Council (NAAC) with an 'A++' Grade (4th Cycle). In February 2010, the College was recognised by the UGC as a "College with Potential for Excellence".

The College aims at the integral formation of its students, helping them to become men and women for others. Though it is a Christian minority institution, the college has been imparting liberal education to the students of all denominations without any discrimination. St. Joseph's College of Commerce is affiliated to Bengaluru Central University and became autonomous in September 2005. The motto of the college is 'Fide et Labore' or 'Faith and Toil' and the college attempts to inculcate the motto in every student through its various courses and programmes.

The College is committed to providing quality education to its students. It offers Bachelor of Commerce and Bachelor of Business

Administration, as three years under graduate degree programme, and Master of Commerce, a two year Post Graduate programme. Highly qualified staff members, excellent infrastructure like spacious classrooms, good library and computer lab facilities of the college helps to promote academic excellence.

GOALS OF THE B.COM PROGRAMME

1. To provide conceptual knowledge and application skills in the domain of Commerce studies.
2. To provide knowledge and skills in almost all areas of business to be able to meet expectations of business and to handle basic business tasks, thus equipping a student to take up entry-level jobs in different sectors of commerce, trade and industry.
3. To sharpen the students' analytical and decision making skills.
4. To provide a good foundation to students who plan to pursue professional courses like CA, ICWAI, ACS, CFA and MBA.
5. To facilitate students to acquire skills and abilities to become competent and competitive in order to be assured of good careers and job placements.
6. To develop entrepreneurship abilities and managerial skills in students so as to enable them to establish and manage their own business establishments effectively.
7. To develop ethical Business professionals with a broad understanding of Business from an interdisciplinary perspective.

I. ELIGIBILITY FOR ADMISSION

Candidates who have completed two year Pre - University course of Karnataka State or its equivalent are eligible for admission into this programme.

II. DURATION OF THE PROGRAMME

The programme of study is 3 years of six semesters. A candidate shall complete his/her degree within five (5) academic years from the date of his/her admission to the first semester.

III. MEDIUM OF INSTRUCTION

The medium of instruction shall be English.

IV. ATTENDANCE

- a. A student shall be considered to have satisfied the requirement of attendance for the semester, if he/ she has attended not less than 75% in aggregate of the number of working periods in each of the courses compulsorily.
- b. A student who fails to complete the course in the manner stated above shall not be permitted to take the end semester examination.

B.COM PROGRAMME MATRIX, COURSE STRUCTURE & SEMESTER SCHEME OF EXAMINATION

Refer page no.s 7 - 9

V. TEACHING AND EVALUATION

M.Com/MBA/MFA/MBS graduates with B.Com, B.B.A & BBS as basic degree from a recognized university are only eligible to teach and to evaluate the courses including part - B courses of III and IV semesters (except languages, compulsory additional courses and core Information Technology related courses). Languages and additional courses shall be taught by the graduates as recognized by the respective Board of Studies.

VI. EVALUATION

Evaluation for UG course consists of two components, viz. Continuous Internal Assessment (CIA) and End Semester Examination (ESE) with the weightage of 30% and 70% respectively.

Continuous Internal Assessment (CIA) includes a centrally organized MID TERM TEST for 20 marks and other exercises administered by the teacher such as Unit test/ Online test /Snap test /Surprise test /Quiz /Assignment / Presentation /Project / Research article /Seminar etc. for an aggregate of 10 marks. Each

teaching faculty is required to maintain a record of the Continuous Internal Assessment.

The End Semester Examination will be conducted at the end of each semester. The duration and maximum marks for the End Semester Examination is 3 hours and for 70marks.

VII. MINIMUM FOR A PASS

A UG student has to get a minimum of 40% marks in the ESE (28 on 70) and 40% aggregate in CIA & ESE (40 on 100) for a pass in each course. The minimum SGPA to qualify for the B.Com degree is 4.00 and a pass in all courses.

VIII. CLASSIFICATION OF SUCCESSFULCANDIDATES

Grading System For Choice Based Credit System (CBCS) - The College adopts a ten point grading system. The modalities and the operational details are as follows.

- i. Credits-Credits are assigned to courses based on the following broad classification:

Course category	Instruction Hrs../ week	Credits
Languages	3 Hrs.	2
Major Core	4 Hrs.	3
Major Optional	4 Hrs.	4
Allied Required	4 Hrs.	3
Open electives	4 Hrs.	3

- ii. Grade Points - The papers are marked in a conventional way for 100 marks. The marks obtained are converted to grade point according to the following table. If a student is absent for the paper the grade point assigned is 0.

% Marks	95-100	90-94	85-89	80-84	75-79	70-74	65-69	60-64	55-59	50-54	45-49	40-44	Below 40
Grade Points	10	9.5	9	8.5	8	7.5	7	6.5	6	5.5	5	4.5	0

- iii. The semester grade point average (SGPA) - is the sum of the product of the credits with the grade points scored in all courses divided by the total credits of Part A and Part B in the semester.

$$SGPA = \frac{\sum \text{Credits} \times \text{Grade Points}}{\text{Total Credits}}$$

Minimum SGPA for a pass is 4.00.

If a student has not passed in a course or is absent then the SGPA is not assigned.

- iv. The cumulative grade point average (CGPA) - is the weighted average of all the courses undergone by a student over all the six semesters of a course.

$$CGPA = \frac{\sum \text{Total credits in the semester} \times \text{SGPA}}{\text{Total credits of the course}}$$

SGPA and CGPA will be rounded off to two decimal places.

Interpretation of SGPA/CGPA/ Classification of final result for a UG Programme:

SGPA/CGPA/ Course Grade Point	Grade	Result/Class Description
9.00-10.00	O	Outstanding
8.00-8.99	A+	First Class Exemplary
7.00-7.99	A	First Class Distinction
6.00-6.99	B+	First Class
5.50-5.99	B	High Second Class
5.00-.5.49	C	Second Class
4.00-4.99	P	Pass Class
Below 4	RA	To Re-Appear

IX. PATTERN OF QUESTION PAPER

ESE Question Paper Pattern: (3 Hours duration, Max. Marks: 70)

Section-A	Conceptual / Objective Questions	1 mark × 10 questions	10 Marks
Section-B	Analytical Questions	6 marks × 3 questions	18 Marks
Section-C	Essay Questions	15 marks × 2 questions	30 Marks
Section -D	Compulsory Question/ Case study	12 marks × 1 question	12 Marks
		Total	70 Marks

X. REVALUATION, RETOTALING AND IMPROVEMENT

There is provision for **Revaluation, Re-totaling and Improvement** within two weeks of the publication of the results.

Revaluation and Re-Totaling: There is a provision for **Revaluation and Re-Totaling** of marks if the application is made within 2 weeks of the publication of results with the prescribed fee.

Provision for Improvement: A candidate, who desires to improve his/her End Semester Examination marks, has to first withdraw his/her original End Semester Examination marks. The student will be awarded whatever marks he/she obtains in the later appearance even if they are less than the marks awarded previously.

Outcome Based Education (OBE)

B.Com (Travel & Tourism)

Programme Educational Objectives (PEO)

Our **B.Com (Travel & Tourism)** programme will produce graduates who can:

1. Competent, creative, and highly valued professionals and executives in the industry, academia or the government
2. Flexible and adaptable in the workplace, possess the capacity to embrace new opportunities of emerging technologies, leadership and team work opportunities, all affording sustainable management careers
3. Able to act with global, ethical, societal, ecological and commercial awareness as is expected of practicing accounting/ management professionals and to adapt to a rapidly changing hospitality and tourism industrial environment
4. Able to display/ possess professional competence to pursue higher studies, research, life-long learning for continuous growth and development
5. Socially responsible and value driven citizens, committed to sustainable development

Programme Outcomes (PO)

PO1 - Demonstrate an understanding of every dimension of business environment to predict the character of future business environment

PO2 - Propose and implement appropriate decisions in all areas of business management especially finance, marketing, human resource and operations

PO3 - Demonstrate the diverse knowledge of business, corporate laws and their applicability in business, finance and audit

PO4 - Apply the competencies and creativity required to undertake entrepreneurship as a desirable and feasible career option

PO5 - Develop broad-based business skills and knowledge, development of general and specific capabilities to meet the current and future expectation of the business and industry, economy at the national and global level.

PO6 - Fulfill educational entrance requirements of relevant provisional bodies and enable him/her to devise a career plan in professional accounting.

PO7 - Plan, organise, co-ordinate, direct and control both business enterprise and non – governmental organisations

PO8 - Appreciate significance of sustainable development practices

PO9 - Achieve higher levels of proficiency and self-actualization through the pursuit of life-long learning

PO10 - Create, select and apply appropriate techniques, resources, modern management and IT tools (including prediction and modeling) to complex management activities with an understanding of the limitations

Programme Specific Outcomes (PSOs)

PO11 - Demonstrate adequate preparation for career development through a solid foundation in the tourism and hospitality industry

PO12 - Demonstrate knowledge of multicultural perspectives to meet the needs of the tourism industry

SEMESTER - III
C2 15 MC 301: FINANCIAL MANAGEMENT

COURSE OBJECTIVES

Students should be able to:

1. Explain both the theoretical and practical role of financial management in business corporations.
2. Analyze the importance of cost of capital in financial decision making.
3. Analyze the importance of capital structure in financial decision.
4. Enumerate the significance of capital budgeting and process of capital budgeting.
5. Calibrate the various factors influencing dividend policy
6. Examine various factors that determine the working capital and operating cycles.

Module - 1: Financial Management -Introduction **4 Hrs.**

Finance Function–Aims of Finance Function–Financial Management
– Goals of Financial Management – Financial Decisions.

Module - 2: Financing Decisions –Cost of Capital **12 Hrs.**

Meaning – Computation of Cost of Capital – Cost of Equity–
Preference–Debt –Cost of Retained Earnings–Weighted Average Cost
of Capital.

Module - 3: Financing Decisions-Capital Structure **10 Hrs.**

Meaning of Capital Structure–Optimum Capital Structure–Factors
determining Capital structure –Leverages – Operating leverage
–Financial leverage and combined leverage- Point of Indifference-
Problems.

Module - 4: Investment Decisions**16 Hrs.**

Capital Budgeting – Meaning – Significance – Capital Budgeting process – Payback period – ARR – Net present values – IRR Method – Profitability Index and Capital Rationing – Concepts only.

Module - 5: Dividend Decisions**8 Hrs.**

Meaning – Types of dividend policies – Factors influencing dividend policy – Forms of dividends – Dividend relevance theories – Walter’s Model and Gordon’s Model. Dividend irrelevance theories – Modigliani Miller Model.

Module 6: Working Capital Management**10 Hrs.**

Working capital: Meaning – Concepts of working capital – Factors influencing Working Capital requirement – Components of working capital – Profitability/Liquidity tradeoff.

Cash Management: Meaning – Importance – Factors affecting cash balances – Motives of holding cash – Objectives of cash management – Difficulties – Means of Cash Management.

Receivables Management: Meaning – Purpose – Determinants – Tools for receivables management – Ageing schedule.

Inventory Management: Meaning and Importance – Cost of holding inventory – Tools – EOQ – Fixing different inventory levels – ABC analysis – FSN – VED – JIT – Periodic inventory valuation – Perpetual inventory valuation (concepts only).

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Role Play as a Finance Manager in a given decision making situation.
2. Prepare a Capital Budget for your new Business.
3. Evaluate the NPV of an investment made in any one of the capital projects with imaginary figures for 5 years.

4. Prepare an aging schedule of debtors with imaginary figures.
5. Analyse the Capital Structure of companies in different industries.
6. Compare & Contrast various dividend policy practices of certain companies in India.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Describe both theoretical and practical role of financial management in business corporations
2. Compute the cost of capital of specific sources of capital
3. Compute the problems in capital structure
4. Estimate the required return on projects of differing risk and evaluate different investment decision
5. Explain the various types of policies in dividend
6. Evaluate the importance of working capital management and its role in meeting firm's strategic objectives and its impact in value creation.

SEMESTER - III
C2 21 MC 302: TOURISM MARKETING

COURSE OBJECTIVES

Students should be able to:

1. Describe the role of marketing manager and marketing in Tourism industry.
2. Illustrate the steps involved in marketing research process in evaluating the behavioral profile of tourists.
3. Plan for the steps involved in market segmentation, targeting and positioning for a hypothetical tourism product in the context of packaged tour.
4. Relate the tourism product, pricing & distribution strategies for a hypothetical tour plan in the capacity of Tour operator.
5. Examine the recent trends and process of the integrated Marketing communication in tourism and its effectiveness in tourism marketing.
6. Evaluate the applicability of recent trends and digital technologies and its implications in Travel & Tourism Industry.

Module 1: Tourism & Marketing

10 Hrs.

Introduction, Concept, Meaning, Definition of tourism & tourists, Motives behind travel, Typology of tourism, Market potentials of tourism industry & path ahead, TQM concept in tourism, Effects on industry, Roadmap, Quality circle, Tourism marketing - Overview, meaning, definition, features, objectives, importance.

Module 2: Marketing Research & Behavioral Profile of Tourists

10 Hrs.

Marketing research - Meaning, objectives, importance of marketing, Research process, Applications, Limitations, Ethics. Users of Tourism services - Behavioral influences, user lifestyles, sagacity, behavior determinants model, Stimulus response model of behavior for tourism, Psych locomotion of tourists.

Module 3: Tourism Market Segmentation, Target & Positioning

6 Hrs.

Market segmentation - Meaning, need, importance of segmentation, Bases, effectiveness, decision process. Segmenting, Targeting and positioning services effectively: Focus on competitive advantage in Tourism.

Module 4: Service Marketing in Tourism

14 Hrs.

Tourism products - Package tour, meaning, need for tourism product planning. Product management process - PLC, branding, formulating the tourism product mix. Pricing - Factors influencing, objectives, policies, strategies & different stages.

Distribution: Meaning, Factors influencing distribution policy, Distribution chain, and Travel distribution system, Middlemen in tourism industry, Tour operator & travel agents, Travel guides. Channel decision in tourism industry.

Place & Promotion concepts, strategies & implications in tourism industry. Physical evidence. Process. People involved in service delivery

Module 5: Integrated Marketing in Tourism

12 Hrs.

IMC, Communication process, Direct response marketing in tourism, word of mouth, personal selling, sales sequence, Tourism advertising, selection of media, tourism publicity, Public relations, sales promotion & its techniques, Tourism promotion strategy, elements of IMC, Recent trends in tourism marketing.

Module 6: Innovations in Tourism Industry

8 Hrs.

Concept of Technological Advancement. Impact of technology in tourism industry, emerging trends in Travel & Tourism Industry (IoT, Recognition Technology, Virtual Reality, Augmented Reality, Robotics, Artificial Intelligence & Big Data – Concepts, Benefits, Challenges & its Implications of each innovation). Concepts only.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Choose a tourism product and analyse the stage of the product life cycle it is currently positioned in the market. Also compare with competitive products.
2. Strategise policies for development of a new product/service in tourism industry.
3. Prepare a report on the advertising strategy of a new product for its introduction in an international market and develop an Advertisement Copy for the same.
4. Analyse the Consumer Behavior for a product of your choice.
5. Prepare charts for distribution network for different products.
6. Market study related to tourism towards sustainability of the industry related to handling situations during pandemic like COVID-19.
7. Develop a business model to accommodate disaster management in the industry with flexibility.
8. Present on a New Tourism spot and marketing strategies to promote the same.
9. Evolve a plan to promote different types of tourism in under explored tourism spots in India and in foreign countries.

COURSE OUTCOMES

After completion of the course the students will be able to:

Describe the role of marketing manager and marketing in Tourism industry.

2. Illustrate the steps involved in marketing research process in evaluating the behavioral profile of tourists.
3. Plan for the steps involved in market segmentation, targeting and positioning for a hypothetical tourism product in the context of packaged tour.
4. Relate the tourism product, pricing & distribution strategies for a hypothetical tour plan in the capacity of Tour operator.
5. Examine the recent trends and process of the integrated Marketing communication in tourism and its effectiveness in tourism marketing.
6. Evaluate the applicability of recent trends and digital technologies and its implications in Travel & Tourism Industry.

SEMESTER III

C2 20 AR 303: TRAVEL AGENCY & TOUR OPERATIONS

COURSE OBJECTIVES

The students will be able to:

1. Explain the role and functions of travel agencies and tour operators
2. Compare and contrast non commission system and commission system of travel agents and its recent trends.
3. Explain the terminologies connected with Travel and rules and regulations applicable to Travel Agencies and tour operators.
4. Describe a minimum of two major tourism destinations for each country studied.
5. Design a tour itinerary plan taking all essential components of tour itinerary.
6. Compute cost of tour itinerary taking all the components of package tour.

Module 1: Role of Travel Agency and Tour Operation **6** **Hrs..**

Travel agent, meaning and its importance - IATA accreditation - Setting up of travel agency-Functions of travel agency-Sources of income of a travel agency - Roles, functions, objectives and importance of - TAAI, TAFI, UFTAA, ASTA, PATA, IATO.

Tour operator - Meaning, Types and Role of tour operators in growth of tourism industry- types of package tours.

Module 2: Emerging Trends in Travel Agency **8** **Hrs..**

Travel agent to travel consultant - changes in the commission system to net fares and its advantage for travel agency - Evolution of travel agent from Generalist to Specialist, Implant agency and their different methods of income - Selling Cycle - selling through e-mail, telephone,

in- person and social media.

Module 3: Travel Essentials and Regulation **10 Hrs..**

Travel Terminology & Definition - 4-letter service codes, miscellaneous message codes. Travel document types, Passports (ECR & ECNR, machine readable, and e-passport), Visa, Currency (Cash, Pre-paid travel card, credit card) Health regulations, Customs (import & export regulation), Travel insurance. TIMATIC web-based search engine reference for passenger's travel requirement.

Module 4: Destination Geography **14 Hrs..**

Top 25 Destination by international arrivals – North America - USA and Canada; Europe–France, Spain, Italy, U.K, Turkey, Germany, Austria, Greece, Netherlands; Middle East - Saudi Arabia, United Arab Emirates, Jordan; Africa - Egypt, Kenya, South Africa; Asia - Thailand, Singapore, Malaysia, China, Japan, Macau; Australia and New Zealand.

Module 5: Tour Managers Roles and Responsibilities **10 Hrs..**

Effective tour management, assisting travelers, working with coach drivers, problem solving technique- Pre-Departure: briefing, duties and documents – Post Departure: duties, documents –Follow-up on customer request – Open door for next business opportunities.

Module 6: Tour Production, Costing and Promotion **12 Hrs..**

Tour Production – Selecting of Tour component – identifying benefit of tour – customizing individual tour – tour proposal and confirmation documents – Tour pricing – Tour promotion – Group travel and production – benefits for group traveler – Group sales process - Case Study

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Analyze safety measure followed by Hoteliers amid Covid -19 pandemic in 2020.
2. Analyze the impact of Covid-19 and Lockdown on tour operators business in India.

3. Prepare a Tour itinerary keeping all points in mind required for a Tour.
4. Make a Presentation on Incredible India.
5. Visit Travel Agencies/ Tour operator to gain information on operations of a Travel Agent and prepare a project report.
6. Role play as Tour Guide to a destination of your choice within Bengaluru.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Illustrate the role and functions of travel agencies within the framework of respective Regulatory Bodies and tour operators in accordance with respective type of Package tour.
2. Compare and contrast non commission system and commission system of travel agents and its recent trends.
3. Examine the applicability and implications of rules and regulations applicable to Travel Agencies Travel documents and tour operators.
4. Select a minimum of two major tourism destinations for each country and highlight the importance of the same.
5. Design the role of tour manager with respect to tour itinerary plan taking all essential components of tour itinerary and execution of the same.
6. Prepare a cost of tour and cost of promotion of the same for a group of varying size, individual and customized itinerary taking all the components of package tour.

SEMESTER -IV
C2 15 MC 401: COST ACCOUNTING

COURSE OBJECTIVES

The students will be able to:

1. Prepare a Cost statement/Cost sheet in accordance with cost behaviour (changes in output or activity or volume).
2. Prepare store ledger using FIFO, LIFO, Simple and weighted average method as tool of material control.
3. Compute cost of labour using Time and Piece rate system - Halsey and Rowan premium system - Taylor and Merricks differential piece rate system as tool of Labour control.
4. Compute statement showing allocation and apportionment of overheads of service department to Producing Departments by using Repeated and simultaneous equation Methods.
5. Apply operating costing in the context of computation of transport costing
6. Compute statement showing the reconciliation of cost and financial accounts.

Module - 1: Basic Cost Concepts and Classification

14 Hrs.

Meaning - Cost accounting - Cost accountancy - Costing - Cost accounting and management - Objectives of Cost Accounting - Cost accounting v/s Financial Accounting - Cost Accounting v/s Management Accounting - Advantages of cost accounting-Methods of costing - Techniques (types) of costing -- Cost centres (Meaning and purpose) - Cost units(Meaning and importance) - Cost accounting departments-Brief note on Cost Audit Records and Report Rules.

Meaning - Cost - Expenses - Losses - Classification of costs - Cost statement or cost sheet - Tender and quotation - Job and Batch Costing.

Module - 2: Material Control and Material Costing **10 Hrs.**

Materials–Concepts and objectives of material control– Organization for material control – Purchasing and receiving procedure – Some issues in materials procurement – stores organization – Inventory system – Inventory shortages (losses) and overages – Inventory control - Calculations of Stock levels and EOQ with or without discount.

Costing material received – Costing material issues (FIFO, LIFO, simple and weighted average method only) – Pricing of materials returned to vendor – Pricing of materials returned to storeroom – Selection of a material pricing method.

Module - 3: Labour Costs: Accounting and Control **10Hrs.**

Introduction – Direct labour and indirect labour – Organization for labour control – Wage systems – Incentives wage plans – Work study – Job evaluation and merit rating – Time and motion study – Labour turnover–Treatment of labour cost related items–Methods of remunerating labour – Time and piece rate system – Halsey and Rowan premium systems – Taylor and Merrick’s differential piece rate system.

Module - 4: Overheads Distribution **10Hrs.**

Concept – Classification of overheads – Factory overhead - Fixed – Semi variable and variable – Factory overheads - Accounting and distribution – Collection and codification of factory overheads – Allocationandapportionmentoffactoryoverheads–Apportionment of service departments overheads to producing departments (repeated and simultaneous equation method) – Absorption of factory overhead (Machine hour rate) – Selecting an absorption rate.

Module - 5: Operating Costing **8 Hrs.**

Transport costing – Standing charges, Maintenance charges and Running charges.

Module-6: Reconciliation of Cost and Financial Accounts 8 Hrs.

Need for reconciliation-Reasons for differences in profits-Problems on preparation of reconciliation statement and memorandum reconciliation accounts.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Visit 3 factories in your locality and analyse the various methods of costing adopted by them.
2. Identify the materials consumed in any two organizations of your choice and collect different formats – materials requisition, purchase requisition, bin card, stores ledger.
3. Prepare wage sheet / pay roll with imaginary figures.
4. Identify variable, fixed and semi-variable costs of two companies and prepare the cost sheet.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Prepare a Cost statement/Cost sheet in accordance with cost behaviour (changes in output or activity or volume).
2. Prepare store ledger using FIFO, LIFO, Simple and weighted average method as tool of material control.
3. Compute cost of labour using Time and Piece rate system – Halsey and Rowan premium system – Taylor and Merricks differential piece rate system as tool of Labour control.
4. Compute statement showing allocation and apportionment of overheads of service department to Producing Departments by using Repeated and simultaneous equation Methods.
5. Apply operating costing in the context of computation of transport costing
6. Compute statement showing the reconciliation of cost and financial accounts.

SEMESTER IV

C2 21 MC 402: HUMAN RESOURCE MANAGEMENT

COURSE OBJECTIVES

The students will be able to:

1. Illustrate the role and functions of Human Resource Manager in the capacity of practicing manager.
2. Illustrate the process of HR planning, Recruitment, selection and Induction of a hypothetical organization.
3. Compare and contrast the Training methods and techniques adopted by any two organization and evaluation of training programme.
4. Relate the implications of Performance appraisal system, Career Planning and Development and succession planning on Employees Engagement and attrition.
5. Justify the Design of Compensation and rewards in alignment with Job Evaluation. Develop a process of HR Audit and generate Audit Report of a hypothetical organization
6. Design an innovative business model or process integrated with emerging trends in HRM

Module 1: Introduction to Human Resources Management (HRM) 8 Hrs.

HRM – Meaning, Importance, Objectives, Functions and Process, Structure of the HR department.

Module 2: HR Planning, Recruitment, Selection & Induction, Training & Development 14 Hrs.

HRP: Objectives, and Benefits, Process of HRP, Challenges in HRP.

Recruitment: Definition, Objectives, factors affecting recruitment, sources of Recruitment and techniques of recruitment.

Selection: Meaning and definition, significance, selection procedures,

Placement: Meaning and definition

Induction: Meaning, definition, process and importance.

Training & Development: Meaning, Importance, Benefits, Need, Training Methods & Techniques, Evaluation of Training Programmes, Training Management Systems & Processes. Difference between training & development.

Module 3: Performance Appraisals and Career Management 10 Hrs.

Performance Appraisal: Meaning, objectives, Importance. Process, methods (Traditional and Modern methods), essentials of a sound appraisal system -, problems of performance appraisal.

Career Planning & Development: Definition, importance, career stages, process of career planning and development. Establishing a career development system - actions and pre-requisites.

Succession planning: Meaning and importance, Differences in HRP and Succession Planning.

Employee Engagement: Meaning, Definition, Importance and strategies to improve employee engagement. Difference between employee engagement and employee satisfaction.

Attrition: Meaning and reasons for Attrition, Merits and De-merits of Attrition.

Module 4: Compensation and Reward Management 8 Hrs.

Job Evaluation: Meaning, Importance and Techniques.

Compensation: Meaning, definition, concepts and objectives, Importance of an ideal compensation plan, Principles and methods of compensation fixation.

Rewards: Meaning and Importance, Types of Rewards- monetary and non-monetary rewards.

Module 5: Human Resource Accounting & Auditing 8 Hrs.

Human Resource Accounting: Meaning, Objectives, Methods - Cost Based Approach- Value Based Approach (Concepts Only) - Limitations.

Human Resource Auditing: Meaning, benefits, process, approaches to HR Audit, phases involved in HR Audit, Audit Reports.

Module 6: Contemporary Human Resource Practices 12 Hrs.

Recent Trends in Human Resource Management: Recruitment & Selection (Predictive analysis, Social media recruiting, and Candidate experience). , Training & Development (Virtual mentorship, Experiential Learning, Learner centred E -Learning), Compensation & Rewards

Management (Pay Equity, Quality of Work-Life Rewards & Digital rewards)

Remote working & Gig Economy: Benefits & Challenges

Digitalization in Human Resource Management: Gamification, Artificial Intelligence and Augmented Reality, Virtual reality (concepts only)

Human Resource Analytics: Meaning, benefits, application of HR Analytics, tools for

HR Analytics (Concepts only)

Ethics in Human Resource Management: Code of employee conduct

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Chart out the methods of appraising employees of any (one) organization of your choice.
2. List out any 5 (five) welfare techniques for employees during Covid 19.
3. Compare the HR policies of any two travel companies.
4. Analyse welfare techniques for employees of different categories (eg. Women, men, senior employees).
5. Compare and contrast the different recruitment models in companies.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Illustrate the role and functions of Human Resource Manager in the capacity of practicing manager.
2. Illustrate the process of HR planning, Recruitment, selection and Induction of a hypothetical organization.
3. Compare and contrast the Training methods and techniques adopted by any two organization and evaluation of training programme.

4. Relate the implications of Performance appraisal system, Career Planning and Development and succession planning on Employees Engagement and attrition.
5. Justify the Design of Compensation and rewards in alignment with Job Evaluation. Develop a process of HR Audit and generate Audit Report of a hypothetical organization
6. Design an innovative business model or process integrated with emerging trends in HRM

SEMESTER IV

C2 20 AR 403: TRANSPORT MANAGEMENT

COURSE OBJECTIVES

1. Students should be able to Compare and contrast the benefits and challenges of Rail, Road, Water and Air means of Transportation and its indispensable role in tourism industry
2. Illustrate all type of services rendered in connection with Airport transportation right from handling to check in counters to Baggage services.
3. Relate the key components of the air transport Industry such as types of Aircraft, processes governing bodies, International Air transport regulations, Ancillary services, types of cruise, cruise products, selling tools and terms and conditions and the procedure of availing the same.
4. Evaluate the key components of the Land and Railway transport Industry such as types of Car, Camper, Van, Buses and Coaches, Railway products, European time table, Special trains for tourist passengers and its rentals and the procedure of availing the same.
5. Devise a plan for rendering a comprehensive professional service to customers by travel professional.
6. Illustrate the procedures in compliance with all Visa Regulations formalities of selected countries.

Module 1 - An Introduction -Transport Industry

4 Hrs..

History/Origin of Air, Rail, Road and Water transport - Key Historical Milestones -Benefits and Challenges in the Industry - Importance of transport industry in tourism sector- Various Job Opportunities

Module 2 - Air Transportation

16 Hrs..

Air Transport industry terminology- List of top 25 Airlines and Airports 2 letter and 3 letter code - Objective and roles of IATA and ICAO - Introduction to Airport Handling- Component of Aviation (Airline, Airport, ATC, ICAO) - Passenger services-Different types and procedures of check -in(Manual/off-terminal/online/Self-Kiosk)- Departure procedures: Security/Immigration/Boarding Gate- Arrival

Procedure(Immigration/baggage claim/Customs)- Baggage Services, types of labels- Baggage Concept(weight & Piece)- Excess and lost Baggage handling- Special passenger handling, Ramp Services- Co-ordination with various Departments – Airline alliance – Frequent flyer program – Fast travel programs

Module 3 – Water Transport Industry

8

Hrs..

Water Transport- Famous ferries services – Origin of Cruise Industry – Growth and expansion of cruise Industry – Entertainment and recreation in Cruise – Famous cruise operators and their specialty – Cruise famous itineraries – Importance of Brochure in selling cruise – reading – Terms and conditions – Facilities & services(accommodation/food/dress code/activities/amenities) – Specialty cruise.

Module 4 – Land & Rail Transport Industry

12 Hrs..

Road Transportation- Car Rentals schemes & procedures – Amenities & Services – Rental eligibility and payment procedures – Camper van rental – famous destination for Camper van – Camper van rentals schemes, amenities and services – Buses and Coaches – difference between buses and coaches – famous buses/coaches services in US, Europe and Africa. Rail Products- Luxury/ Fast train – Special Trains – Tourist/Scenic trains – Night trains – car carrying trains – famous trains around the world – Advantages of rail passes – different type of passes.

Module 5 – Customer Service in Travel Industry

12 Hrs..

Role of Travel Professional in understanding the need and expectation of the customer – Adopting professionalism in different modes of communication -- provide after sales and service support – Maintain customer loyalty – Handling customer complaint – Telephonic skills. Case study.

Module 6 – Visa Regulation

8 Hrs..

Filling VISA forms – documents required for tourist visa – procedure for USA, Canada, Schengen, U.K, Singapore and Australia.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Analyze safety measure followed by Airlines and airports amid Covid -19 pandemic.
2. Analyze the impact of Covid-19 and Lockdown on transport business in the world.
3. Analyse the carrier and other transport loyalty program, list the participating national carrier program, list different levels, rewards and privileges available in each level.
4. Prepare a project on various types of railway passes around the world.
5. Prepare a report on global car rental polices.
6. Interview two Airline customer service professional/Car Rental to determine the services provided towards customer satisfaction.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Compare and contrast the benefits and challenges of Rail, Road, Water and Air means of Transportation and its indispensable role in tourism industry
2. Illustrate all type of services rendered in connection with Airport transportation right from handling to check in counters to Baggage services.
3. Relate the key components of the air transport Industry such as types of Aircraft, processes governing bodies, International Air transport regulations, Ancillary services, types of cruise, cruise products, selling tools and terms and conditions and the procedure of availing the same.
4. Evaluate the key components of the Land and Railway transport Industry such as types of Car, Camper, Van, Buses and Coaches, Railway products, European time table, Special trains for tourist passengers and its rentals and the procedure of availing the same.
5. Devise a plan for rendering a comprehensive professional service to customers by travel professional.

6. Illustrate the procedures in compliance with all Visa Regulations formalities of selected countries.

UG 15AO 004: EVENT MANAGEMENT

COURSE OBJECTIVES

The students will be able to:

1. Define the key elements involved in event management and event marketing.
2. Apply the concept of marketing mix while designing the Event management activities of event of diverse nature.
3. Evaluate the procedure in getting certifications and other related government regulations to be complied with in an event management process.
4. List out the event management pre, during and post event activities on the basis of nature of event.
5. Identify the strategic market planning to plan, assess, analyse, implement, control and evaluate the activities of different events.
6. Elucidate the various career opportunities in event management in changing environment.

Module 1 - Introduction to Events

15 Hrs.

Definition of Events - Event management, Event Marketing, 5 c's of events, Event designing.

Why Events? - Events as a marketing tool, The diverse marketing needs addressed by events, Brand Building, Focusing the Target market, Implementation of Marketing Plan, Marketing Research, Advantages offered by events.

Key elements of Events

Event Infrastructure - Core Concept, Core People, Core Talent, Core structure. Target Audience, Clients, Eventorganizers, Venue, Media.

Feasibility - Keys to success, The SWOT Analysis.

Module 2 – Event Marketing

20 Hrs.

Understanding the Event Market – Concept of market in Events, Segmentation and targeting of the market, positioning and the concept of event property

Concept of Product in Events- Event Hierarchy, categories and variations of events and their characteristics (Conferences, Conventions, Trade Fairs, Expos, Product Launch, Entertainment shows, Sports Events)

Concept of pricing in Events - Risk Rating, Setting Pricing Objectives in tune with Marketing and business strategies, Assessment of Internal systems and overheads, checklist of pricing of events

Concept of Promotion in Events - Networking Components, Print media, radio, television, The Internet, Outdoor Media, Direct Marketing, Public Relations, Merchandising, In-Venue publicity, Sponsorships.

Module 3 - Legal Compliance related to Events

4 Hrs.

Licensing, Certifications and the other Governmental Regulations.

Module 4 – Event Management

8 Hrs.

Event Management - Activities in Event Management – Pre event Activities, During Event Activities, Post Event Activities. Planning, Organizing, Staffing, Leading and Coordination, Controlling, Event Management Information System- Protocol, staging, operations and logistics, safety and security, crowd management

Module 5 – Strategic Market Planning

8 Hrs.

Setting Objectives, Development of the strategic Market plan, Environment Assessment, Competitive Assessment, Business Potential assessment, Problem Analysis, Opportunity and Resource Analysis.

Monitoring, Control and Evaluation of Events – Monitoring and control systems, Basic evaluation process, Measuring Performance, Correcting Deviations, Critical Evaluation Points.

Module 6- Careers in a Changing Environment

5 Hrs.

Event Managers – Roles & Responsibilities, Qualifications and Characteristics. Types of Event Managers- Job Opportunities, Keeping

Up - to - Date, Trends in Events - Current Events, Graduation and Diplomas in Event Management

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Participate as a volunteer in any event conducted by an Event Management Company and identify the various career opportunities in the industry today
2. Create groups and conduct small events in your own class.
3. Create and conduct an event within campus.
4. Draft your unique Event Plan for a famous event that takes place in India.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Describe the key elements involved in event management and event marketing.
2. Evaluate the application of marketing mix while designing the Event management activities of event of diverse nature.
3. Plan for the procedure in getting certifications and other related government regulations to be observed for a hypothetical event management process.
4. Identify the event management pre, during and post event activities on the basis of nature of event.
5. Formulate the strategic market planning to plan, assess, analyse, implement, control and evaluate the activities of different events
6. Illustrate the role of Event Manager in managing successful events in the wake of recent trends in event management industry.

UG 15AO 005: FINANCIAL MARKETS AND SERVICES

COURSE OBJECTIVES

The students will be able to:

1. Explain the evolution, structure and components of Indian financial system.
2. Elucidate the concepts and various stages in venture capital financing as a financial service.
3. Compare and contrast the pros and cons of discounting, forfaiting and factoring financial service.
4. Describe the terms and concepts associated with mutual funds as financial institution and service.
5. Compare and contrast the credit rating process and services offered by agencies at national and international level.
6. Analyse the pros and cons of leasing as a financing option and its mechanism.

Module - 1: Indian Financial System

30 Hrs.

Meaning of Financial System - Evolution of Indian Financial System-Sub-Systems of Financial System

Financial Markets - Primary and Secondary - Stock Exchanges (BSE,OTCEI, NSE, NYSE, TSE, ASX, NASDAQ) - Listing of Securities-Stock Price Indices (Nifty, Sensex, CNX 500, BSE 100)

Financial Instruments - Capital Market, Money Market and Derivatives Market Instruments - Innovative Financial Instruments

Financial Institutions - Overview of Financial Institutions
-Regulatory Authorities - SEBI: Role and Functions in Regulating Financial Markets in India. Financial Services - Merchant Banking Services-Scope - Fund Based and Non Fund Based Services.

Module 2: Venture Capital**6 Hrs.**

Concept-Features - Importance - Stages in Venture Capital Financing- Indian Scenario

Module 3: Discounting, Factoring and Forfeiting**6 Hrs.**

Meanings - Terms and Conditions - Types of Factoring - Factoring v/s Discounting -Export Factoring v/s Forfeiting.

Module 4: Mutual Funds**6 Hrs.**

Meaning - Importance- Organization Structure - Specific terms: Corpus, Units, Schemes, Load, NAV, Benchmark - Classification of Funds - Mutual Funds in India

Module - 5: Credit Rating**6 Hrs.**

Meaning - Benefits - Agencies of Credit Rating: CRISIL, ICRA, CARE, S&P, Moody's - Types of Credit Rating - Steps in Credit Rating Process - Limitations.

Module - 6: Leasing**6 Hrs.**

Mechanism of a Lease - Kinds of lease - Evaluation of a Lease (Concept only)

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Collect information regarding the various services offered
2. by banks in India today and prepare a report tracking the changes in services offered by them over the years.
3. To collect a sample tripartite lease agreement
4. To collect complete details regarding companies funded by venture capitalists.
5. Study the role of derivatives in financial markets.
6. Visit a bank and collect information regarding the risk management tools offered by them with respect to derivatives.

7. Collect information and construct a report on NASDAQ, Nifty, Sensex and their differences.
8. Create and submit a mock business proposal to venture capitalists.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Describe the evolution, structure and components of Indian financial system.
2. Illustrate the concepts and various stages in venture capital financing as a financial service.
3. Examine the pros and cons of discounting, forfaiting and factoring financial service.
4. Evaluate the role of mutual funds as financial institution and service.
5. Examine the credit rating process and services offered by agencies at national and international level.
6. Use leasing as a financing option of a given organization.

UG 15AO 006: GENDER AND LEADERSHIP

COURSE OBJECTIVES

The students will be able to:

1. Explain the leadership in the context of gender, race and cultural dynamics of in an organizational set up.
2. Relate the gender in leadership with gender theories, gender identity and related behavior in the historical and contemporary context.
3. Elucidate the challenges and new initiatives for empowering the discriminated genders for leadership.
4. Devise ways and means of navigating the challenges and limitations of gender identity in business, corporate and politics.
5. Identify the strategies to establish work life balance and obliterate gender differences.
6. Examine the strategies adopted by women to advance herself to leadership position.

Module 1 - Leadership, Gender & Stereotypes

10 Hrs.

Leadership principles and vision, defining the strengths and roles of a leader, outlining the concept of gender- Understanding the relationship of Gender and Leadership- Leadership Labyrinth – Gender, race and cultural dynamics in an organizational set up- Exploring leadership through the context of power, authority and advancement- The power dynamics of women and men at a work place; Gender Identity as a tool for evaluation of competence

Module 2 - An Outlook on Gender in Leadership

10 Hrs.

Psychological, biological and personality differences in men and women accounting to their position of leadership- Exploring gender theories, gender identity and related behaviour in the historical and contemporary context- Understanding the context of women and leadership in the historical background- in politics, business, media,

literature, and cinema and in other setups- Analysis of policies and practices supporting gender equity. Interrogating the current status of women in leadership roles

Module 3 - Issues and New Initiatives

10 Hrs.

Challenges, barrier, constraints, and opportunities for women in leadership positions- Gendered inequities in organizations and the treatment of men and women in a work place. Understanding of gendered differences in job categories, gendered differences in compensation and gendered differences in professional opportunities- Insight into the creation of large public place for transsexual and transgender- Avenues and Initiative for transgender leadership. Reflecting on the leadership tools to empower the discriminated and enriching the gender.

Module 4 - Gendered Identity at work

10 Hrs.

Defining the concept of gender and leadership in the Indian culture and society- Understanding gender and leadership role at workplace- Introspecting on the legal history of gender issues in organizations- Evaluating the dynamics of gender and leadership globally and in cross cultural frame of reference- Ways and means of navigating the challenges and limitation of gender identity in corporate, business and politics- Techniques to practice and spread the awareness of gender equity

Module 5 - Surpassing the work/ life dichotomies

10 Hrs.

Developing an understanding work/ life balance in Organization and in contemporary business issue. Definition of success and setting career goals- The moral and ethical dimension of leadership roles- Generational variance in leadership positions- Examining the causes, problems of work/life imbalance. Identifying strategies to establish a work/ life balance. Gender difference and work life balance issues. Organization's attitude to men and women at work- Steps taken in obliterating gender differences and creating a conducive work environment

Module 6 - Personal philosophies and style in leadership

10 Hrs.

Developing yourself and others for leadership roles- Understanding the various kind of leadership roles and styles - authoritarian, laissez-

fair, transactional, transformational and democratic. Sharing professional and personal experiences- Strategies to advance women to leadership positions- Men and Women in Corporate leadership- status and prospects- Distorting gender based roles and improving leadership performances.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Prepare a comprehensive report on emerging trends in leadership.
2. Deliberate about projects, assignments, case study, response papers, and presentations - that explores strategies and leadership for change.
3. Conduct interactive exercises, conducting interviews, field trips, documentary films, writing research papers guest speakers, and debates.
4. Conduct any other activity with an aim to develop Articulation Skills of students.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Describe the leadership in the context of gender, race and cultural dynamics of in an organizational set up.
2. Relate the gender in leadership with gender theories, gender identity and related behavior in the historical and contemporary context.
3. Illustrate the challenges and new initiatives for empowering the discriminated genders for leadership.
4. Work for the ways and means of navigating the challenges and limitations of gender identity in business, corporate and politics
5. Design the strategies to establish work life balance and obliterate gender differences.
6. Develop the strategies adopted by women to advance herself to leadership position.

UG 17AO 007: INTERNATIONAL FINANCIAL REPORTING STANDARDS

COURSE OBJECTIVES

The students will be able to:

1. Identify the need for definition of concepts under IFRS framework and its relevance for presentation of all sorts of financial statements.
2. Analyze the differences in the recognition and measurement of Assets and Liabilities between IAS and Ind AS standard and to cover the same.
3. Analyze the differences in the recognition and measurement of Revenue, Leases and financial instruments between IAS and Ind AS standard and to cover the same.
4. Evaluate the differences of Accounting policies, estimates & error, effect of changes after B/S dates and foreign exchange rate between IAS and Ind AS standard and to cover the same.
5. Elucidate all sort of financial statements taking into account all standards mentioned in the above modules.

Module 1: Conceptual framework & presentation of financial statements **8 Hrs.**

Need for conceptual framework – definitions of financial elements i.e. asset, liability, equity, income & expenditure – recognition criteria – measurement criteria – going concern – “substance over form” – qualitative characteristics of financial statements i.e. faithful presentation, materiality, relevance, comparability, verifiability, understandability – presenting financial statements such as Statement of Profit or Loss (SOPL), Statement of Other Comprehensive Income (OCI), statement of Changes to Equity (SOCE), Statement of Financial Position (SOFP) and Statement of Cash Flow (SOCF) – comparison with schedule III formats in India

Module 2: Assets & liability based standards **20 Hrs.**

PPE (IAS 16/Ind AS 16) – Investment property (IAS 40/Ind AS 40)- Borrowing costs (IAS 23/Ind AS 23) – Intangible assets (IAS 38/ Ind AS 38) – Impairment of assets (IAS 36/Ind AS 36) – Inventory (IAS 2/Ind AS 2) – Agriculture (IAS 41/Ind AS 41) – Provisions, contingent liabilities & contingent assets (IAS 37/Ind AS 37).

Only recognition & measurement aspects to be covered for each standard-
The differences of IAS with Ind AS to be covered for these standards

Module 3: Revenue, leases and financial instruments **15 Hrs.**

Revenue from contracts with customers (IFRS 15/Ind AS 115) - Government Grants (IAS 20/Ind AS 20) - Leases (IAS 17/Ind AS 17) - Financial instruments (IAS 32/Ind AS 32, IFRS 9/Ind AS 109) only recognition & measurement aspects to be covered for each standard- The differences of IAS/IFRS with Ind AS to be covered for these standards

Module 4: Presenting financial performance **7 Hrs.**

Accounting policies, estimates & errors (IAS 8/Ind AS 8) - Events after balance sheet date (IAS 10/Ind AS 10) - Effects of changes in foreign exchange rates (IAS 21/Ind AS 21) Only recognition & measurement aspects to be covered for each standard. The differences of IAS with Ind AS to be covered for these standards

Module 5: Preparation of financial statements **10 Hrs.**

Prepare various financial statements based on all standards covered in modules 1 to 4 (students are expected to show full statements or only relevant extracts)

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Conduct a survey of 25 Accountants to study the importance of implementation of IFRS in India.

2. Conduct a survey of any 20 companies to analyse the challenges faced by them in implementing the IFRS in their organization.
3. Create a Statement of Financial Position, Comprehensive Income statement and a Statement of Changes in Equity with imaginary figures.
4. Visit any 5 manufacturing companies and study the methods of maintaining books of Inventory and its valuation (Raw materials, Work-in-progress and Finished goods) and make a report on it.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Justify the need for definition of concepts under IFRS framework and its relevance for presentation of allsorts of financial statements. Differentiate the recognition and measurement of Assets and Liabilities between IAS and Ind AS standard and to cover the same.
2. Differentiate the recognition and measurement of Revenue, Leases and financial instruments between IAS and Ind AS standard and to cover the same.
3. Differentiate the Accounting policies, estimates & error, effect of changes after B/S dates and foreign exchange rate between IAS and Ind AS standard and to cover the same.
4. Construct all sort of financial statements, taking into account all standards mentioned in the above modules.

Books for Reference

UG 15AO 008: MERGERS, ACQUISITIONS AND RESTRUCTURING

COURSE OBJECTIVES

The students will be able to:

1. Identify the various forms of business Alliances on the basis available strategic choices.
2. Describe the types of mergers and hypothesis behind each type of merger.
3. Illustrate various stages involved in mergers and acquisition process.
4. Evaluate the different alternatives of pricing and financing of merger.
5. Examine the issues arising during and post the implementation of merger.
6. Devise a Plan for corporate restructuring considering one or more strategic options.

Module-1: Forms of Business Alliances

4 Hrs.

Business Alliances - Various Forms of Business Alliances, Strategic Choice of Type of Business Alliance- Mergers, Corporate Takeovers, Cross-border takeovers, Going Private and Other Control Transactions: Leveraged Buyouts (LBOs), Management Buyouts (MBOs), Spin Offs and Asset Divestitures

Module-2: Mergers and Acquisitions - Introduction

8 Hrs.

Meaning of Mergers and Acquisitions (M&As), the rationale behind a merger or acquisition, kinds of mergers- horizontal, vertical, Reverse, Conglomerate, Congeneric Merger. Hypothesis governing a merger- Abnormal Gains Hypothesis, Growth Maximization Hypothesis, Wealth Maximizing/Value Maximizing Hypothesis, Market Power Hypothesis, Asymmetric Information Hypothesis, Hubris Hypothesis.

Module-3: Mergers and Acquisitions- Process

8 Hrs.

Process of Mergers and Acquisition – Identification and valuation of the target, Negotiation for Merger, Acquisition and Take-over, Potential adverse competitive effects of mergers and acquisitions

Module-4: Pricing and Financing

15 Hrs.

Pricing of Mergers (Pricing the Competitive Bid for Take-over), Financing of Mergers and Take-overs, Merger and Acquisition agreement- Steps in the successful implementation of a Merger deal, M& A Life cycle, Phases in M&A Life cycle, Performance evaluation of Mergers and Hypothesis governing M&As.

Module-5: Legal Formalities

12 Hrs.

Implementation of a Merger and Acquisition- Legalities Involved in the same- Ethical Issues of Mergers and Acquisitions- Managing Post- Merger Issues, Post – Merger integration

Module-6: Restructuring Management

13 Hrs.

Corporate Restructuring : Refinancing and rescue financing, reorganizations of debtors and creditors, Sale of assets, targeted stock offerings, downsizing and layoff programmes, negotiated wage give-backs, employee buyouts.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Conduct a comparative study between two major mergers in recent history and write a report on it.
2. Conduct a study on the challenges faced on the various stages of mergers and acquisitions and illustrate it graphically

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Choose the particular form of business Alliances on the basis available strategic choices.

2. Compare and contrast the types of mergers and hypothesis behind each type of merger.
3. Illustrate various stages involved in mergers and acquisition process.
4. Design strategic plan for pricing and financing of merger.
5. Solve the issues arising during and post the implementation of merger.
6. Plan for corporate restructuring considering one or more strategic options.

Books for Reference

UG15AO009: OPERATIONS RESEARCH

COURSE OBJECTIVES

The students will be able to:

1. Describe the nature and scope of OR models and its applications for Business decision making.
2. Develop linear programming models by using graphs for maximization and minimization objectives and interpret such solutions.
3. Solve linear programming problems for business decision making and interpret such solutions.
4. Solve Transportation problems for business decision making and interpret such solutions.
5. Solve assignment problems for business decision making and interpret such solutions.
6. Differentiate between PERT and CPM network analysis of Project for optimum solutions.

Module - 1: Introduction to Operations Research **4 Hrs.**

Definitions - Scope - OR Models - Nature - Limitations- Application

Module - 2: Introduction to Linear Programming **12 Hrs.**

Introduction - Construction of the LP Model - Graphical LP Solution- Solution of maximization and minimization model.

Module - 3: Simplex Method **14 Hrs.**

Introduction - Standard LP form and its Basic Solutions - Slack - Surplus and Unrestrictive variables - Simplex Algorithm - Artificial Starting Solution - Big M Method - Minimization of LPP - Duality

Module -4: The Transportation Problem

14 Hrs.

Introduction, Linear Programming Formulation of the Transportation Problem – Methods of finding initial solution – North West Corner Method – Least Cost Method - Vogel's Approximation Method – Test for Optimality- MODI method – Economic Interpretation of U_i 's and V_j 's. (Special cases on prohibited routes, unbalanced and maximization) – Transshipment Method.

Module - 5: The Assignment Problem

8 Hrs.

Introduction – Mathematical Statement of the problem – Solution Methods of Assignment Problem – Enumeration Method – Simplex Method – Transportation Method – Hungarian Method.

Module - 6: PERT/ CPM

8 Hrs.

Introduction – Network Analysis – Guidelines for construction of network diagram – Deterministic Time Estimates – Developing a Project – Network – Project Duration & Critical Path - Forward Pass- Backward Pass – Float – Probabilistic Time Estimates – Difference between PERT & CPM.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Conduct a small study on how Operations Research is applied in Supply chain management.
2. Illustrate a Job assignment.
3. Draw and illustrate a network diagram for any project and identify its critical path.
4. Compute the earliest expected time and latest allowable time for events in any project.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Describe the nature and scope of OR models and its applications for Business decision making.

2. Develop linear programming models by using graphs for maximization and minimization objectives and interpret such solutions.
3. Solve linear programming problems for business decision making and interpret such solutions.
4. Solve Transportation problems for business decision making and interpret such solutions.
5. Solve assignment problems for business decision making and interpret such solutions.
6. Differentiate between PERT and CPM network analysis of a Project for optimum solutions.

Books for Reference

UG 15AO 010: PERSPECTIVES OF MICRO FINANCE

COURSE OBJECTIVES

The students will be able to:

1. Describe micro finance as a tool of State and central Government in poverty alleviation.
2. Elucidate the role of RBI and NABARD in Financial inclusion and recent trends.
3. Analyze the role and developments of Micro finance Institutions in India in the context of micro finance institutions across the globe.
4. Compare and contrast the types of MFI and SHG, models and delivery systems of MFI.
5. Describe the code of conduct of MFI in India within the framework of Micro finance institutions (Regulation and Development) Bill, 2012 and self-regulated bodies.
6. Illustrate the types of risks for MFIs and managing credit risk of MFIs.

Module 1: Micro Finance Perspectives

12 Hrs.

Poverty, its form and extent- Financial needs of the poor- Role of credit in poverty alleviation- State intervention in Rural Credit in India- Poverty eradication measures of Central and State Governments- Emergence of Microfinance- -scope-importance-assumptions of Microfinance-Lessons from International experience.

Module 2: Financial Inclusion

8 Hrs.

Meaning of Financial Inclusion- Extent of Financial Exclusion- Need for Financial Inclusion- Present reach of Banking- Initiatives of RBI and NABARD- Role of banks in Financial Inclusion and recent trends

Module 3: Micro Finance Institutions

10Hrs.

Overview of MF Institutions – History of MF Institutions across the globe – MF Institutions in India-Importance, Role and Development of Microfinance Institutions in India

Module 4: Models of Micro Finance and Delivery Methodologies

12 Hrs.

Models of Microfinance across the world-Microfinance Delivery Methodologies- Structures of Intermediation for Microfinance in India-Types of MFIs- SHG and MFI Models- SHG-Bank Linkage Programme-Joint Liability Groups- Microfinance Institutional Approach- Bank Partnership Model- Banking Correspondent Model- Penetration of Microfinance- Constraints in mainstreaming of MFIs and challenges faced by the sector

Module 5: Legal and Regulatory Framework of Micro Finance 10 Hrs.

Introduction- Recommendations of Malegam Committee- Code of Conduct for Microfinance Institutions in India- Compliance to State Acts- Guidelines on Priority Sector Compliance to RBI Guidelines on NBFC-MFIs- Self Regulation- The Microfinance Institutions(Development and Regulation) Bill, 2012

Module 6: Risk Management

8 Hrs.

Introduction- Types of Risks for MFIs- Managing Credit Risk.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Find out the different measures taken by the Government in order to promote financial inclusion in the state of Karnataka.
2. Visit NABARD and Bandhan Bank and do a complete analysis of their functioning.
3. Visit villages in and around Bangalore and illustrate the MF services provided

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Describe micro finance as a tool of State and central Government in poverty alleviation.
2. Examine the role of RBI and NABARD in Financial inclusion and recent trends.
3. Examine the role and developments of Micro finance Institutions in India in the context of micro finance institutions across the globe.
4. Compare and contrast the types of MFI and SHG, models and delivery systems of MFI.
5. Explain the code of conduct of MFI in India within the framework of Micro finance institutions (Regulation and Development) Bill, 2012 and self -regulated bodies.
6. Elucidate the types of risks for MFIs and managing credit risk of MFIs.

UG 15AO 011: PRODUCTION AND OPERATIONS MANAGEMENT

COURSE OBJECTIVES

The students will be able to:

1. Elucidate the different types of production and responsibilities of production manager.
2. Examine the principles and techniques of plant location and lay out and its implications.
3. Choose an appropriate technique of material control, method of purchase and selection of supplier.
4. Calibrate the process of production planning and control in the organization.
5. Practice the measurement of standard time and the technique of motion study.
6. Outline the types of maintenance and importance of waste management.

Module 1: Introduction

8 Hrs.

Meaning, Scope, & Functions- Historical development - Functions & responsibilities of a production manager- relationship of production with other functions & problems-Systems or types of Production

Module 2: Plant Location & Layout

10 Hrs.

Factors affecting location, theory -plant layout principles-types of layout-advantages and disadvantages of plant layouts-techniques of plant layout, organization of physical facilities - Building, lighting, safety etc., - protection measures and importance

Module 3: Materials Management

12 Hrs.

Meaning, Objectives, Material Control -Types, concept of EOQ, systems and techniques, Purchasing - Objectives, Categories of purchasing needs, advantages and disadvantages of centralized and decentralized buying, selection of suppliers, purchasing policies,

vendor rating techniques, Value analysis- value engineering, Stores layout system, material handling.

Module 4: Production Planning & Control **16 Hrs.**

Production planning: Estimating, Routing, Scheduling & Loading - Production Control: Dispatching, Follow up, Inspection & Evaluating & corrective action Quality Control- Objectives, Statistical Quality Control (SQC), Statistical Process Control (SPC), Total Quality Management (TQM), Quality Control (QC), Six sigma- Meaning and significance.

Module 5: Time & Motion Study **8 Hrs.**

Concepts of standard time, method study, work study, time & motion study, charts, diagrams, work measurements.

Module 6: Maintenance Management & Waste Management **6 Hrs.**

Types of maintenance - merits & demerits, maintenance scheduling, procedure & tools, scrap & surplus disposal, Automation - meaning, considerations, advantages & forms of automation

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Visit any factory of your choice. Identify and analyze the physical facilities provided to the employees and protection measures taken by the factory for its employees.
2. Identify and analyze the functions of materials management in an organization.
3. Visit a company of your choice and make a chart depicting the plant layout of the company you visited
4. Take an industry of your choice and describe the functions of quality circles that impact the said industry.
5. Visit any industry of your choice and critically analyze the various waste management methods used in the industry and also identify the impact of the waste management method on the environment
6. Draw an ISO specification chart

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Describe the different types of production system and responsibilities of production manager.
2. Evaluate the principles and techniques of plant location and lay out and its implications.
3. Choose appropriate technique of material control, method of purchase and selection of supplier.
4. Calibrate the process of production planning and control and statistical process control in the organization.
5. Use the concept of standard time and the technique of motion study.
6. Illustrate the types of maintenance and importance of waste management.

UG 15AO 012: REAL ESTATE MANAGEMENT

COURSE OBJECTIVES

Students should be able to:

1. Describe the meaning and scope of Real Estate Management.
2. Adopt professional ethics and code of conduct in Brokerage services and documentation procedure in Real estate Management.
3. Summarize the compliance under real estate laws and acts and RBI guidelines for property investment.
4. Plan for raising real estate finance in observing procedure and documentation laid down by the concerned financial institution and Bank.
5. Design a planning, Zoning, sub division of Land and construction practices in accordance with norms of Housing and construction Industries.
6. Devise a Plan for marketing of Real Estate properties incorporating 7 Ps approach.

Module - 1: Introduction to Real Estate Management

4 Hrs.

Meaning - Nature and Scope of Real-estate Management - Real Estate Appraisal - Theoretical concepts, principles and criteria for valuation of property, market behavioral trends in real estate.

Module - 2: Brokerage Services and Management

8 Hrs.

Brokerage - Concepts & various issues namely ethics and professional code of conduct- Responsibilities of a broker-buying /selling / leasing / renting process- Effective management of the transactions- Real estate contracts (Provisions)-lease agreement, agreement to sell, transactions relating to NRIs, title search of the property. Documentation required in transactions of sale/purchase/ lease. Registration of documents- Basic understanding of the revenue records maintained by Municipal Corporation. Closing transactions; negotiation skills

Module - 3: Legal Framework

18 Hrs.

Legal Framework including various acts and procedures - namely Karnataka Apartment Ownership Act 1972(section 1 to 27), Indian Registration Act 1908 (part I to VI), Karnataka Stamp Act 1957 (section 1 to 10 A), Karnataka Rent Act 1999(section 1 to 46)- Transfer of property Act 1882(section 5 /to 27, 54to 57 and 105 to 117), Building bye-laws, , Municipal Laws, Law of Agency-(Relevant sections related to legal compliances and procedures only), RBI guidelines for property investment

Module - 4: Property Management Finance

8 Hrs.

Real Estate Financing - Meaning - Nature - process, procuring and closing a loan, mortgages, foreclosure laws (NHB Act etc.), lending practices, procedures and documentation as required by financial institutions and banks

Module - 5: Planning Zoning and Development

12 Hrs.

Planning, Zoning and Development - General understanding in planning, zoning, sub-division of land- Relevant provisions and rules for sub-division- Planning standards and norms as applicable to the Housing and Construction industry- Basic understanding of standard construction practices inclusive of efficient planning, suitable building materials and sound construction- Management of Buildings and Complexes- Knowledge of building materials/ technologies.

Module - 6: Marketing for Real-Estate

10 Hrs.

Marketing for Real-estate- including marketing techniques, dynamics of customer satisfaction, communication skills, personality development, after sale service - 7 P's of Marketing in Real Estate-Process of Strategy Building -Understanding the Real estate environment - Micro and Macro factors.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Collect a set of parent deeds, analyze the same and give an opinion for purchase of property.
2. Evaluate the complete process for procuring a commercial space on rent.
3. Prepare a chart showing various intermediaries and their duties in the real estate market.
4. Prepare a report on the trends of real estate sector for the last five year in a city of your choice.
5. Analyze the process for purchasing an agricultural property in a rural belt.

COURSE OUTCOMES

After completion of the course the students will be able to

1. Define the meaning and scope of Real Estate Management.
2. Practice professional ethics and code of conduct in Brokerage services and documentation procedure in Real estate Management.
3. List out the compliance under real estate laws and acts and RBI guidelines for property investment.
4. Raise real estate finance in observing procedure and documentation laid down by the concerned financial institution and Bank.
5. Develop a planning, Zoning, sub division of Land and construction practices in accordance with norms of Housing and construction Industries.
6. Plan for marketing of Real Estate properties incorporating 7 Ps approach.

UG 15AO 013: RESEARCH METHODOLOGY

COURSE OBJECTIVES

The students will be able to:

1. Explain the scope and stages involved in research process.
2. Choose appropriate sampling technique for a given study.
3. Select appropriate method of collecting primary data and sources of secondary data.
4. Arrange data for analysis by editing, coding, classifying and tabulating both primary and secondary data.
5. Identify the appropriate test of hypothesis in accordance with case by using SPSS and Excel.
6. Develop a report writing of research article on the lines of standard format.

Module 1 – Introduction to Research

15 Hrs.

Meaning - Purpose and Scope of research - General steps in doing research - Identifying research problem - concepts, constructs and theoretical framework - Types and Methods of research. Meaning of Research Design - Definitions of Research Design - Essentials of a Research Design - Importance of Research Design.

Review of Literature: Need - Sources to collect review - How to write review of literature - Literature survey using Internet.

Module 2 - Sampling and Sampling Techniques

10 Hrs.

Introduction - Census Vs. Sampling - Characteristics of Good Sample - Advantages and Limitations of Sampling - Sampling Techniques or Methods (Probability and Non-Probability) - Sample Design - Sampling Frame - Criteria for Selecting Sampling Techniques- Determining Sample Size. Scales and Measurements of Variables

Module 3 – Data Collection Methods

10 Hrs.

Data Meaning - Types of Data- Sources of Data -Primary Data- Secondary Data -Data Collection Instruments -Questionnaire - Interview Schedule Preparation Model- Pilot study.

Module 4 - Processing of Data

5 Hrs.

Processing of data: Editing, Coding, Classification of data-Tabulation of data.

Module 5 – Test of Significance

15 Hrs.

Hypothesis Testing - Concept-Need - Characteristics of Hypothesis- Types of Hypothesis - Procedure for Hypothesis- Various Hypothesis Tests-T-Test-Z-Test-Chi-Square Test - ANOVA(Simple Problems)- Application of SPSS Package. Diagrams and Graphs: Utilities - Limitations - Types (Using Excel Sheet).

Module 6 – Research Report Writing

5 Hrs.

Meaning and purpose of research report – contents of a report, format of research Report –Qualities of good research report – Planning of the report – Organization of a report – Presentation of a report. Documentation: Footnotes and Endnotes- Bibliography - Citation Model - APA Model - Guidelines for writing references.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Choose an area of interest, review a minimum of 4 literature on the same and formulate a topic for prospective research.
2. A topic will be given in class and the students will have to collect data through primary and secondary sources for the said topic.
3. A set of data will be given and the students are required to analyze the data using various statistical tools.
4. Prepare a research report in the required format for a given case study (in class).

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Describe the scope and stages involved in research process.
2. Choose appropriate sampling technique for a proposed title of research.
3. Use appropriate method of collecting primary data and sources of secondary data.

4. Arrange data for analysis by editing, coding, classifying and tabulating both primary and secondary data.
5. Choose the appropriate test of hypothesis in accordance with case by using SPSS and Excel.
6. Write a report writing of research article on the lines of standard format.

UG 15AO 014: SERVICE MANAGEMENT

COURSE OBJECTIVES

The students will be able to:

1. Compare and contrast between goods and services and its implication on classification of Service industry.
2. Apply the concept of marketing mix while designing marketing activities of Service Industry.
3. Analyze the consumer behavior in accordance with Segmentation, targeting and positioning in service industry that focus on competitive advantage.
4. Evaluate the customer relationship and loyalty and its relevance with measurement of productivity of service.
5. Justify the application of the marketing mix on components Hotel management system of the hospitality industry.
6. Examine the emerging career in the wake of recent trends in entertainment industry, tourism industry and fitness industry.

Module – 1: Introduction

8 Hrs.

Meaning of services – Reasons for growth in services sector – Difference between goods and services – Features of services – Classification of services.

Module – 2: Service Marketing Mix

14 Hrs.

Product: Service as a Product – Service Product - Core Service and Peripherals. Price: Pricing of Services – Objectives – Factors influencing Pricing Decisions– Reasons for Price Variations in Service. Place: Place of Buyer and Seller interaction - Location of Premises – Look of Premises and Channels of Distribution Used. Customers’ Role in Service Delivery-Promotion: Promotion Techniques – Objectives of Promotion –Word of mouth communication - People contact and support personnel – Developing customer conscious employees- Empowering People – appraisal and rewarding systems. Process: Designing the service process – Blue Printing – Automation – Customization – Service Production and Consumption Process. Physical Evidence: Essential and Peripheral Evidence – Physical Facilities – Appearance of Personnel.

Module – 3: Consumer Behavior

10 Hrs.

Consumer involvement in service setting- Purchase process for service – Difficulty of consumer in evaluation of service process- Segmenting, Targeting and positioning services effectively: Focus on competitive advantage.

Module 4: Relationship Management and Service Loyalty

16 Hrs.

Relationship marketing- Building customer loyalty – Effect of selecting profitable customers using 80/20 customer pyramid and extended customer pyramid- Enhancing Service Value using SERVQUAL – Measuring Service Productivity – Gaps in service design and delivery. Managing Customer's Reservations and Waiting Lists- Managing demand and supply

Module – 5: Hotel Industry

6 Hrs.

Classification of Hotels – Hotel Facilities – Guest Cycle – Marketing Mix of Hospitality Industry – Hotel Management System

Module – 6: Recent Trends

6 Hrs.

The rise of Entertainment Industry – Movie and Television Business- Event Management – Theme based entertainment – Concept of Business and Knowledge Process Outsourcing – Tourism industry- Consultancy Services & Fitness industry.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Prepare a brief profile of successful marketing of services and list out its success factors
2. List out the best tourist destinations around the world
3. Prepare a strategy to attract tourists in places which are not essentially tourist attractive giving examples from a city of your choice
4. List out the best hotels in India and mention the highlights that makes them different from others
5. Visit a website of any hotel and list out its services offered with special reference to guest cycle
6. Select an upcoming service which is different and new and yet considered as profitable services.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Compare and contrast between goods and services and its implication on classification of Service industry.
2. Apply the concept of marketing mix while designing marketing activities of Service Industry.
3. Analyze the consumer behavior in accordance with Segmentation, targeting and positioning in service industry that focus on competitive advantage.
4. Evaluate the customer relationship and loyalty and its relevance with measurement of productivity of service.
5. Illustrate the application of the marketing mix on components of hotel management system of the hospitality industry.
6. Evaluate the demand and supply of service in the wake of recent changes of environment, tourism and fitness industry.

UG 15AO 016: TRAVEL AGENCY AND TOUR OPERATIONS

COURSE OBJECTIVES

The students will be able to:

1. Illustrate the role and functions of travel agencies and tour operators.
2. Compare and contrast non commission system and commission system of travel agents and its recent trends.
3. Describe the terminologies connected with Travel and rules and regulations applicable to Travel Agencies and tour operators.
4. Choose a minimum of two major tourism destinations for each country studied.
5. Develop a tour itinerary plan taking all essential components of tour itinerary.
6. Estimate cost of tour itinerary taking all the components of package tour.

Module 1- Role of Travel Agency and Tour Operation **8 Hrs.**

Travel agent, meaning and its importance- Types of travel agencies, Classification of travel agency. Functions of travel agencies, setting up of travel agencies, IATA accreditation, Roles, functions and importance of – TAAI, TAFI, IATO, UFTAA, ASTA.- Objectives, roles & functions - Sources of income for a travel agency, Inbound/ Outbound Tour operator – meaning, types, Role of tour operators in growth of tourism industry. Package tours-meaning and types of package tours

Module 2 – Emerging Trends in Travel Agency **6 Hrs.**

Current Changes in the commission system for travel agent, Generalist to Specialist, Travel agent to consultant level, Advantages in selling with non-commission system, its comparison with commission system, Selling Cycle.

Module 3 – Travel Essentials and Regulations **8 Hrs.**

Travel Terminology, Codes – 2 Letter Codes, 3 Letter Codes, 4 Letter Codes, Reservation & Message Codes, Miscellaneous Terminology & Definitions, Concepts-meaning and scope-issues of Passports, Visa, foreign exchange, Health regulations for international travel, Special permits for restricted areas, Customs regulation, Emigration & immigration, Taxes paid by travelers, Travel insurance.

Module 4 - Destination Geography

18 Hrs.

Destination Geography - All about important countries and cities of tourist interest, best-selling programs, Tourism circuits in USA, Canada, and Mexico. Europe Spain, Italy, U.K, Turkey, Germany, Austria, Greece, Switzerland, Ireland, Belgium and Netherlands Middle East - Saudi Arabia, United Arab Emirates, Kuwait, Oman, Jordan, Israel and Jordan. Africa, Egypt, Kenya, South Africa, Tanzania. Asia - Thailand, Singapore, Malaysia, China, Japan, Macau, Australia and New Zealand

Module 5 - Tour Itinerary Planning

10 Hrs.

Components of Itinerary, Flight Itinerary, Tours Itinerary, inbound Travel Management, Department of travel and market trends existing in travel, development of itineraries, steps after Itinerary is finalized, Guest handling and organizing special events.

Module 6 - Tour Costing

10 Hrs.

Costing of Tour itinerary, packaging of tour itinerary, sample itineraries, Tour Production, Steps of Tour development, Selecting tour components, Identifying the benefits of Tour, Tour documents, Tour pricing sales, Tour promotion, Tour packages and group travel, Group tours cost, case study.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Visit various tourism boards in Bangalore and prepare a presentation.
2. Prepare a tour itinerary considering all the essential components required.
3. Make a presentation on Incredible India.
4. Visit various travel agencies/ tour operators to gain information on their operations and prepare a project report.
5. Arrange for a guest lecture from a tour operator.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Illustrate the role and functions of travel agencies and tour operators.
2. Compare and contrast non commission system and commission system of travel agents and its recent trends.

3. Describe the terminologies connected with Travel and rules and regulations applicable to Travel Agencies and tour operators.
4. Choose a minimum of two major tourism destinations for each country studied.
5. Develop a tour itinerary plan taking all essential components of tour itinerary.
6. Estimate cost of tour itinerary taking all the components of package tour.

UG 17AO 020: INNOVATION IN MANAGEMENT

COURSE OBJECTIVES

The students will be able to:

1. Describe the concept of Innovation, Process view of Innovation and its types.
2. Differentiate from one Model of Innovation to another Model of Innovation and develop firm specific competencies and Network.
3. Build an Innovative organization considering essential components of Innovative organization.
4. Develop an Innovative business plan and estimation of adoption of innovation considering the resource, collaborating strategy, risk and uncertainty
5. Create an additional value for the existing Product /service through Innovation in order to take advantage of social and economic benefits of Innovation

Module 1: Introduction to Innovation Management

12 Hrs.

Concept and need of innovation; process view of innovation; different aspects of innovation, innovation life cycle; dimensions of innovation space; innovation theory; types of innovation; sources of innovation; reverse innovation; disruptive innovation; frugal innovation; discontinuous innovation.

Module 2: Strategic Management of Innovation

14 Hrs.

Models of innovation process (technology life cycle model, product-process life cycle model, dominant- design model, diffusion curve model); developing innovation strategy (rationalist strategy, incrementalist strategy, and technology trajectory); developing firm specific competencies; innovation network (networks at start-up, network at inside and outside the organization).

Module 3: Building an Innovative Organization

14 Hrs.

Components of innovative organization; appropriate organization structure; organizing for innovation (mechanistic, organic, segment list, integrative, structure formality, unstructured chaos); innovation as core

business process (measuring innovation, learning to manage innovation);

creative climate; innovation and change management; ten rules of strategic innovation.

Module 4: Innovation and Growth

10 Hrs.

Developing innovative business plan; forecasting innovation; estimation the adoption of innovation; anticipating the resources; collaboration strategy; assessing risk and recognizing uncertainty;

Module 5: Capturing the Benefits of Innovation

10 Hrs.

Creating value through innovation; innovation and firm performance; protecting innovations; economic and social benefits of innovation; service innovations

Note: The case/assignment/project/ will be provided in advance through proper channel (e-mail/in- person).

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Develop an innovative business plan with a forecasting model estimating the adoption of innovation, anticipating the resources and preparing the collaboration strategy
2. Illustrate a strategic alignment of competitive strategy along with technology strategy.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Define the concept of Innovation, Process view of Innovation and its type.
2. Examine the differences from one Model of Innovation to another Model of Innovation and develop firm specific competencies and Network.
3. Develop an Innovative organization considering essential components of Innovative organization.

4. Design an Innovative business plan and estimation of adoption of innovation considering the resource, collaborating strategy, risk and uncertainty.
5. Create an additional value for the existing Product /service through Innovation in order to take advantage of social and economic benefits of Innovation.

UG19AO23: HUMANITARIAN ASSISTANCE AND DISASTER MANAGEMENT

COURSE OBJECTIVES

The students will be able to:

1. Illustrate the need for and objectives of disaster management process and humanitarian assistance.
2. Justify the inevitability of disaster and coping up with threat of disaster and the disaster.
3. Plan for risk management of disaster and national development after the disaster.
4. Develop the leadership of disaster and facilitate international disaster assistance.
5. Examine the long term measures in facing the managing disaster and preparedness for the same.
6. Illustrate the role and need for national disaster management policy and guidelines, NGO and civil society.

Module 1-Concept & Basis of Disaster Management **8 Hrs.**

Definition and Objective of Disaster management, History of disaster management in India, meaning and definition of Humanity

Module 2- Basic Disaster Management Aspects **10 Hrs.**

The Significance of Disaster today, the Disaster Threat, major Requirements for Coping with Disaster

Module 3- The Disaster Management Cycle **10 Hrs.**

Risk Disaster and National Development, Counter-Disaster Resources

Module 4- International Disaster Assistance **10 Hrs.**

Leadership in Disaster, Organization, plan, use of resources

Module 5- Long - Term Measures - Risk

10 Hrs.

Risk reduction, Prevention, Mitigation, Preparedness, Response, Recovery, Logistics, Post-Disaster Review

Module 6 - Disaster Management Support Requirement

12

Hrs. Training, Public Awareness, National Disaster Management Policy, National Disaster Management Guidelines and policy, role of NGOs, Civil society, in disaster management.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Participate in world disaster day which is celebrated on 13th October and come up with the poster to bring awareness to the general public and your fellow students about the importance of disaster management
2. Analyze the college building and identify the disaster barriers implemented by the institution and draft a report of your findings
3. Participate in various guest lectures organized on disaster management and a quiz can be conducted on the topics discussed in the lectures
4. Learn CPR and first aid and demonstrate the same on one of your classmates in the class

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Illustrate the need for and objectives of disaster management process and humanitarian assistance.
2. Justify the inevitability of disaster and coping up with threat of disaster and the disaster.
3. Plan for risk management of disaster and national development after the disaster.
4. Develop the leadership of disaster and facilitate international disaster assistance.

5. Examine the long term measures in facing the managing disaster and preparedness for the same.
6. Illustrate the role and need for national disaster management policy and guidelines, NGO and civil society.

UG19AO24: INTRODUCTION TO PSYCHOLOGY

COURSE OBJECTIVES

The students will be able to:

1. Illustrate the role of psychology in understanding, predicting and controlling behavior of an individual and group.
2. Examine the relevance and implications of theories of Emotion, motivation and personality in understanding ones personality.
3. Compare and contrast the contributions of each theory of personality. Integrate Learning and Thought process with the development of intelligence of diverse in nature.
4. Analyze the Anxiety and Stress related issues that affect mental health or create illness.
5. Relate the psychological aspects of well-being that leads to Health and wellness with different forms of therapies.

Module 1 - Introduction to Psychology

8 Hrs.

Definition of Psychology - Classical Schools of Psychology- Structuralism, Functionalism, Behaviorism, Gestalt Psychology, Psychoanalytic Psychology, Humanistic Psychology - The Role of Diversity in Psychology & Goals of Psychology - Sub-fields of Psychology - Experimental, Biological, Personality, Social, Clinical and Counselling - Developmental and Quantitative Psychology - Current views of psychology - Ethics in Psychology

Module 2 - Emotions, Motivation, Personality

12 Hrs.

Emotions: Meaning and definition and theories of emotions - Two factor theories of emotions - Expression of emotions - functions of emotions - Primary emotions- emotions and the brain -Fight, flight and freeze- Culture and emotional variation.

Motivation: Primary motives, general motives and secondary motives - Biological motives - Intrinsic and extrinsic motivation - Theories of motivation - Incentive approach, Cognitive Approach, Maslow's

Hierarchy.

Personality: Definition of personality - Introvert & Extrovert - Self-concept & Self-Esteem - Trait Approach - Biological approach - Humanistic Approach - Behavioural Learning approach - Cognitive approach

Module 3 - Theories of personality

10 Hrs.

Psychology of Personality - Psychodynamic theory - theoretical principles - Id, Ego, Super-ego - developmental stages - Defense mechanisms - Cognitive Behavioral Theory (Conditioning, Reinforcement) - Theory of psychosocial development - Eric Erickson 10 stages

Module 4 - Mental Abilities, Thought and Learning

10 Hrs.

Intelligence-Defining Intelligence - Five Aspects of Intelligence - Variations in Intelligence - Hereditary Influences - Environmental Influences- Thinking process - concepts - problem solving - decision making a cognitive process - Creative thinking - Characteristics of Creative Person- Language - cognitive approaches to learning, reinforcement and punishment.

Learning - Types of learning - Associative learning - cognitive learning - Classical conditioning - Operant conditioning - Shaping- Punishment - Feedback - Learning Aids - Modelling - Latent learning

Module 5 -Anxiety & Stress

12 Hrs.

Abnormality Definition - Changing attitudes and concepts of mental health and illness - Current views - Anxiety issues - Mood Disorders- Stress related issues- emotional signs, behavioural signs & physical Signs Alcohol & Substance abuse

Module 6:- Health Psychology

8 Hrs.

Coping mechanism - psychosomatic disorders - coping with threat - Biofeedback - Guided Imagery - Meditation - psychological aspects of well-being - Health and wellness- Positive psychology - Different forms of therapies

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Emotional Intelligence test and exercises to be conducted, which will enable the students to become aware of their own emotions, control their emotions, learn to express their feeling in an appropriate manner and learn to handle interpersonal relationships among their fellow peers and family with empathy.
2. Identification of ego: Ask the students to make a list and analyze the defense mechanism that are used by them to protect themselves from unpleasant feelings. Ask the students to interpret how these defense mechanisms have helped them to feel better in an unpleasant environment/situation.
3. Motivation: Ask the students to discover the factors that motivate them to behave in a certain manner in a given situation
4. Enable the students to identify how habits can be broken by associating involuntary response to stimulus and by associating voluntary behavior with consequences through activities
5. Stress management techniques like relaxation technique, Guided Imagery etc., to be used in a classroom setting, which will enable the students to understand the importance of relieving stress.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Illustrate the role of psychology in understanding, predicting and controlling behavior of an individual and group
2. Examine the relevance and implications of theories of Emotion, motivation and personality in understanding onespersonality
3. Compare and contrast the contributions of each theory of personality Analyze the Anxiety and Stress related issues that affect mental health or create illness
4. Relate the psychological aspects of well-being that leads to Health and wellness with different forms of therapies.

SEMESTER - III

UG 19AO25: INTERNATIONAL TAX AND TECHNOLOGY -I

COURSE OBJECTIVES

The students will be able to:

1. Illustrate the role Accounting Professionals in the context of US Legal and Tax systems and tax life cycle.
2. Show the usual sources of Income of Individual Assessee for the computation of Gross Income and Taxable income permissible under the US Tax laws.
3. Show the adjustments to Income, deductions and credits with respect to an Individual Assessee for the computation of Taxable income and Net tax Payable permissible under the US Tax laws.
4. Devise tax treatments for Foreign Nationals, Expats and Inpats.
5. Use digital tools for filing Individual returns with Power Business Intelligence

Module 1: Common Topics - Introduction to US Legal & Tax Systems **8 Hrs.**

Recognize the structure of the US Government and US Tax Jurisdictions, Overview, of Tax Reforms, Key differences among types of US Tax Payers, Identify various types of taxation in US, Identify sources of US tax law and navigation of the Code and Regulations, Recognize fundamental differences between home country and US Tax Systems.

Module - 2: US Individual Income Tax - Overview and Computation of Income (Part 1) **14 Hrs.**

Basic concepts of US tax and Overview of form 1040, Filing Requirement, Filing Status, Substantial Presence Test , Dependents, Compensation, Basics of Income Sourcing & W-2, Stock Options, Interest, Dividend Income, Capital Gains and Sale of Main Home, Business Income (Schedule C and self-employment tax), Income and Loss from Rental

Property, Additional Medicare Tax and Net Investment Income Tax, Filing due date, Extensions, Penalty and Interest, Tax rates and calculation of Taxes, Form 1040 Page 1 and Page 2.

Module - 3: US Individual Income Tax - Overview and Computation of Income (Part 2) 14 Hrs.

Passive Activity Loss limitations, State and Local tax refunds, Other Income, Health Savings Account deduction, IRA deduction, Student loan and Interest, Tuition and Fees and other deductions, Taxes - State & Local Taxes, Real Estate Taxes, Personal Property Taxes, Mortgage Interest, Investment Interest Expense, Charitable, Contribution, Casualty & Theft Losses, Medical and Dental and Other Miscellaneous Itemized Deductions, Education Credits (AOC and LLC), Child & Dependent Care Credit, Child Tax Credit, Alternate Minimum Tax.

Module - 4: US Individual Income -Tax - Advanced Topics 6 Hrs.

Who is an Expat, What is Sec 911 exclusion and overview of Form 2555, Introduction to Foreign Tax Credit, Who is an Inpat, overview of Form 1040NR, Income recognition for foreign nationals.

Module 5 - Introduction to Technology 18 Hrs.

Demonstration / Functionality of Data Transformation (SQL) and Data visualization (Power BI/Query) tools, Basic computing and data handling , Case study 1 with IRS Data in Power BI, Case Study 2 & 3 with Power Query, Case Study 4, 5 & 6 with Power Query, Comprehensive Case Study 7 to prepare Form 1040 with Power BI and Power Query.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Participate in simulations, case studies and quizzes on different topics related to corporate taxation during the tenure of the course
2. Lab sessions will be conducted on SQL, Power BI and SharePoint to gain the practical application/knowledge of the subject

COURSE OUTCOMES

After the completion of course, the students will be able to:

1. Illustrate the role Accounting Professionals in the context of US Legal and Tax systems and tax life cycle.
2. Show the usual sources of Income of Individual Assessee for the computation of Gross Income and Taxable income permissible under the US Tax laws.
3. Show the adjustments to Income, deductions and credits with respect to an Individual Assessee for the computation of Taxable income and Net tax Payable permissible under the US Tax laws.
4. Devise tax treatments for Foreign Nationals, Expats and Inpats.
5. Use digital tools for filing Individual returns with Power Business Intelligence.

SEMESTER - IV

UG 19AO26: INTERNATIONAL TAX AND TECHNOLOGY-II

COURSE OBJECTIVES

The students will be able to:

1. Compute Taxable income of Partnership within the framework of US Partnership Tax Act.
2. Plan for filing Tax return of individual partner after incorporating the requisite information shown in K-1.
3. Use the digital tools for filing partnership returns with Power Business Intelligence.
4. Design the procedure for filing requirements of Controlled foreign corporations and US Shareholders within the framework of US Tax System.
5. Calculate a corporation's taxable income and tax liability taking into account all necessary/ required adjustments.
6. Use the digital tools for filing corporate returns with Power Business Intelligence.

Module 1: Partnership Basics

8 Hrs.

Check the box regulation, Subchapter K provisions, Partnership tax return filing and timing, Partnership Formation, record cash and property contributions on a partnership balance sheet, Compute partner's outside basis, explain the tax consequences of partnership organization and syndication fees

Module 2: Partnership Taxable Income

10 Hrs.

Compute partnership taxable income, explain the function of guaranteed payments to partners, partner's Distributive shares, Determine partners distributive share of income, gain, loss, deduction or credit, Partners' Basis Calculation, Adjust outside basis for Schedule K-1 information

Module 3 – Comprehensive case studies for Partnerships using technology tools **6 Hrs.**

Partnerships and types of Partnerships (using Power BI), Partners and types of Partners (using Power BI), Identify separately state items on Schedule K, Form 1065 (using Power BI), Reconcile book and taxable income on Schedule M-1 Form 1065 & Schedule M-3, Simulation - Comprehensive case study using technology tools, solving case study on relevant tax forms using Power query

Module 4: US Corporations **12 Hrs.**

Overview of GAAP and the GAAP standard setting bodies, comparison of US GAAP vs India GAAP, entities overview, identify taxes imposed by different jurisdictions, describe Legal characteristics of business entities, explain the federal income tax treatment of business entities, identify common non business entities, taxable Income Overview, explain relationship between Corporate book income and taxable Income, describe Schedule M1 and M3 disclosure requirements, Define Gross Income, recognize common exclusion from Gross Income, general rules for timing of income recognition, determine the effect of income related book tax differences on Schedule M3, identify broad categories of deductible expenses, recognize common examples of non-deductible expenses, general rules for timing of deductions,

Module 5: Analyse Income and Expenses of US Corporations **16 Hrs.**

Asset basis and cost recovery, determine the Initial tax basis of business property, distinguish between deductible repairs and Capitalized improvements, calculate allowable cost recovery deductions, determine the effect of cost recovery book to tax differences on Schedule M3
Calculate gain or loss realized and recognized on business property dispositions, Identify the character of recognized gain or loss on property dispositions, explain the Sec. 1231 netting rules and capital loss limitations, determine the effect of asset sale book tax differences on Schedule M3, Calculate Corporate Taxable Income, tax treatment of Charitable Contributions, net operating losses, and dividends received deductions, finalize corporate taxable income, compute Corporate Tax Liability.

Module 6 -Comprehensive case studies for Corporations using technologyools **8 Hrs.**

Introduction to Power BI and Case study, solving case study on relevant tax forms using Power query, Case Study: Disposal of Fixed Assets and Gain / (Loss) Computation, Identifying Property Type, Class Type, Convention, Method and Computation of Depreciation using Power BI

Skill Development

(These activities are only indicative, the Faculty member can innovate)

- 1.Participate in simulations, case studies and quizzes on different topics related to corporate taxation during the tenure of the course
- 2.Lab sessions will be conducted on SQL, Power BI and SharePoint to gain the practical application/knowledge of the subject.

COURSE OUTCOMES

After completion of the course, the students will be able to:

1. Compute Taxable income of Partnership within the framework of US Partnership Tax Act.
2. Plan for filing Tax return of individual partner after incorporating the requisite information shown in K-1.
3. Use the digital tools for filing partnership returns with Power Business Intelligence.
4. Design the procedure for filing requirements of Controlled foreign corporations and US Shareholders within the framework of US Tax System.
5. Calculate a corporation's taxable income and tax liability taking into account all necessary/ required adjustments.
6. Use the digital tools for filing corporate returns with Power Business Intelligence.

UG20AO29: MEDIA, TECHNOLOGY AND SOCIETY

COURSE OBJECTIVES

The students will be able to:

1. Evaluate the experience of various media and its impact on our understanding of society and the self.
2. Examine the business model at work behind the emergence of modern advertising and its impact on our everyday life.
3. Interrogate on the nature and impact of 'AI', automation and machine learning on the society in the context of capability of altering human thinking.
4. Justify our engagement with the online spaces and its impact on our identity and self-expression.
5. Examine the implications of data surveillance and its possible impact on freedom of expression.
6. Examine the changing ways in which we access knowledge and the way in which the difference between producer and consumer of knowledge is slowly getting erased.

Module 1- 'Medium is the Message' - Understanding the role of Media in Everyday Life **15 Hrs.**

This famous phrase coined by Marshal McLuhan still resonates in the age of internet. From the era of the television to the era of the web, media has been its own message. It is the experience of a particular medium that shapes our perspective of the world more than the message received through that medium. In this module we shall explore the role of media in our everyday life by discussing our experience of various media and its impact on our understanding of society and the self.

Readings & Viewings:

- 1.Extracts from 'Understanding Media' by Marshal McLuhan
- 2.Extracts from 'Manufacturing Consent: The Political Economy of the Mass Media' by Edward S. Herman and Noam Chomsky
- 4.How Whatsapp has changed news in small-town India -The Caravan Magazine

5. Forget Newspapers or the Internet. Indian Women are Betting on One of the Oldest Forms of Mass Media (<http://theladiesfinger.com/community-radio-women/>)

6. Movie: 'Network' by Sidney Lumet

Module 2- 'The Attention Merchants' - Advertising and the War for attention **10 Hrs.**

'Attention Merchants' is a term popularized by the writer Tim Wu through his book 'The Attention Merchants: The Epic Scramble to Get Inside Our Heads' in which he not only charts the history of advertising but also unravels the workings of a gigantic business model that is toiling day-in and day-out to get our attention. In this module we shall explore the business model at work behind the emergence of modern advertising and its impact on our everyday life.

Readings & Viewings:

1. Extracts from 'The Attention Merchants: The Epic Scramble to Get Inside Our Heads' by Tim Wu
2. Gillette's Ad Asks Men to Be Better. And Then Sets the Bar Really Low (<http://theladiesfinger.com/gillette-ad-asks-men-to-be-better-and-then-sets-the-bar-really-low/>)
3. Movie: Thank You For Smoking (2005)

Module 3- The intelligence of 'Artificial Intelligence' - Automation and its aftermath **10 Hrs.**

'Artificial Intelligence' is the new buzzword in technology. While it can be debated whether what is referred to as AI is just sophisticated algorithms and machine learning and not this self-thinking entity like 'Skynet' in the movie Terminator, it is well settled that the direction in which technology is moving is going to disrupt traditional economies. It not only has an impact on the nature of jobs but has the capability of altering human thinking abilities. In this module we shall explore the debates in technology about the nature and impact of 'AI', automation and machine learning on the society.

The automation debate will be understood within a larger debate regarding the history of technology – innovation centric history and use centric history.

Readings & Viewings:

1. Extracts from ‘The Glass Cage: Where Automation is Taking Us’ by Nicholas G. Carr
2. ‘Artificial Intelligence’s White Guy Problem’ by Kate Crawford in The New York Times (June 25, 2016)
<https://www.nytimes.com/2016/06/26/opinion/sunday/artificial-intelligences-white-guy-problem.html>
4. Extracts from ‘The Shock of the Old_ Technology and Global History since 1900’ by David Edgerton
5. Movie: ‘Modern Times’ by Charles Chaplin

Module 4- Reality of the Virtual’ – Thinking and feeling in the age of internet technology **10** **Hrs.**

The web has opened spaces in which we can create our virtual selves and lead virtual lives. This ‘virtuality’ is increasingly becoming part of our everyday real lives. Social media platforms have created spaces in which individuals enter into relationships and form communities in online space, the effect of which can be felt very sharply in real life. In this module we shall explore our engagement with the online spaces and its impact on our identity and self- expression.

Readings & Viewings:

1. Extracts from ‘The End of Forgetting: Growing Up With Social Media’ by Kate Eichhorn
2. TedX talks and other video lectures available on YouTube

Module 5- 'Discipline and punish' – Technology as a tool for social control **10 Hrs.**

The era of massive databases or what is referred to as 'Big Data' has dawned, thanks to the endless supply of personal information from the masses to the government and tech companies. This personal information of the individuals is being collected with the excuse of providing us with services. However, there is increasing evidence that such personal data can be used to control the behaviour of people by the government, assisted by tech companies. In this module we shall explore the debate about data surveillance and its possible impact on freedom of expression.

Readings & Viewings:

1. Extracts from 'The Net Delusion – The Dark Side of Internet Freedom' by Evgeny Morozov
2. The Aadhar Debate – Columns and Essays in EPW and other news magazines
3. The Different Ways in Which Aadhaar Infringes on Privacy (<https://thewire.in/government/privacy-aadhaar-supreme-court>)
4. Documentary: Nothing to Hide – The Documentary About Surveillance and You (2017)

Module 6- Library Genesis' – Access to Knowledge in the Age of Internet **6 Hrs.**

The traditional education model had within it an asymmetry between access and availability of learning resources and the number of people with a deep desire to learn. The internet reversed this asymmetry by opening up resources to the masses. However, the traditional gatekeepers of the learning resources – the book publishers, producers of cinema and music – were threatened by this opening up of resources and came down heavily on individuals and communities who were facilitating the access to resources. In this module we shall explore the changing ways in which we access knowledge and the way in which the difference between producer and consumer of knowledge is slowly getting erased.

Readings & Viewings:

1. Statement from the 'Library Genesis' community
2. Documentary: Steal This Film (Part I & II)

COURSE OUTCOMES

At the end of the course the students must be able to:

1. Evaluate the experience of various media and its impact on our understanding of society and the self.
2. Examine the business model at work behind the emergence of modern advertising and its impact on our everyday life.
3. Interrogate on the nature and impact of 'AI', automation and machine learning on the society in the context of capability of altering human thinking
4. Justify our engagement with the online spaces and its impact on our identity and self-expression.
5. Examine the implications of data surveillance and its possible impact on freedom of expression.
6. Examine the changing ways in which we access knowledge and the way in which the difference between producer and consumer of knowledge is slowly getting erased.

UG20AO30: CRICKET AND MEDIA

COURSE OBJECTIVES

The students will be able to:

1. Examines the cultural changes instigated due to the recent developments in cricket, specifically in Indian cricket especially in the context of the general overview of the bond between sport and media.
2. Analyze the current developments in the society in the wake of the causal relationship between sport– predominantly cricket, and media.
3. Evaluates the impact of advertisement industry in the evolution of the game and on the cricket addicted Indian psyche and in meeting the challenges offered by the consumer driven world which transforms everything into a commodity.
4. Evaluate the way the game is represented in cinema and the way this portrayal has impacted the popularity of the game.
5. Investigate into the role of sports and media in the breaking and making of new cultures in the backdrop of equal blending of cricket, glamour, and media the present version of cricket a commodity to be produced and consumed.
6. Examine the confluence of cricket, Bollywood and media in the context of the politics of existing and emerging culture/ multidisciplinary perspective towards social discourses.

Module 1: Cricket as the Synecdoche of Indian Culture Time 10 Hrs.

Cricket in India involves excessive emotion of the participants and spectators and it has always been highly instrumental in establishing a sense of unconditional togetherness. The game very well accommodates the Indian spirit of vibrant nationalism and the nation's unmatched craving for narratives glorifying masculinity and many other shades of India's cultural framework. Cricket

represents everything about the country and the modern trends in the domain of the game evidently demonstrates what would happen when the everyday is merchandised through advertising and the media in the globalized world. Such social developments would result in the braking of existing cultures and the making of new cultures. The module examines the cultural changes instigated due to the recent developments in cricket, specifically in Indian cricket.

Readings and Viewings:

1. Bedi Vikram: Indian Cricket as Synecdoche for Our Times
2. Joseph, Manu: India An Unnatural Cricketing Nation
3. Rowe, David: Extracts from Sport, Culture and the Media the Unruly Trinity
4. BBC Documentary: The Empire of Cricket – India

Module 2: Cricket in Writing Time

10 Hrs.

In India the media space enjoyed by cricket across media outlets, such as print media, broadcast media and the new media varies in comparison with other sport due to numerous reasons. There has been an unprecedented boom in the realm of writings on cricket irrespective of the medium which in turn offers exclusive space for cricket. This module offers ample scope to investigate the factors that triggers this doubtful preference for cricket, even if they fall outside the scope of conventional academic engagement. The role of social media journalism and the latest additions to the broad spectrum of cricket journalism which changed the way the game is played and consumed will also be analysed. Thus, this unit, through a set of carefully designed academic activities studies the relationship between sport– predominantly cricket, and media.

Readings:

- ❖ Wanta, Wayne: The Coverage of Sports in Print Media
- ❖ Haigh, Gideon: Cricket and the Media: The Pantomime Horse
- ❖ Real Michael: Sports Online: The Newest Player in Media Sport
- ❖ Choudhury, Angikaar: How social media has changed the way cricket fans consume the game

Module 3: Advertisement and Cricket Time

10 Hrs.

Advertisement could be viewed as the factor which binds media and cricket together and the chief motivating factor behind the transformation of players into stars and brands. The intrusion of advertisement into the so-called pious space of the game in the era of neoliberalism continuously redefines the definition of stardom and to an extent the game itself. Thus, it is imperative to look at the culture of stardom and branding presently prevalent in the game and its bearings on the character and popularity of the game. Subsequently, the unit evaluates the impact of advertisement industry in the evolution of the game and on the cricket addicted Indian psyche.

Readings:

- ❖ Kidambi, Prashant: Hero, celebrity and icon: Sachin Tendulkar and Indian public culture
- ❖ Nair Supriya: The great Indian cricket ad Tamasha
- ❖ Boyle, Raymond and Richard Haynes: A Sporting Triangle: Television, Sport and Sponsorship

Module 4: Representation of Cricket in Cinema Time

10 Hrs.

In India, cinema remains one of the most popular forms of entertainment, and cricket the favourite sport of the majority. Cricket, to certain extent, has made use of the mainstream Indian cinema and vice versa. Indian cinema with respect to its depiction of cricket has arguably acted as an agency of representation for the so-called non-commercial version of the game and the sentiments of those who are involved in it, categorically in comparison with the other available medium. Hence, the unit looks at the way the game is represented in cinema and the way this portrayal has impacted the popularity of the game.

Viewings:

- ❖ Gowariker, Ashutosh: Lagan
- ❖ Prabhu, Venkat: Chennai 600028
- ❖ Shine, Abrid: 1983

Module 5: Cricket as a Commodity and Performance in the Time of Live-Media Time

10 Hrs.

Cricket in the age of visual culture matches the standards of a scripted performance. Cricket beyond doubt keeps the Indian masses on the hook by means of its soap-operatic appeal. It should be noted that the commercial interest of the media houses results in the making of the consumer-friendly version of cricket. Thus, the profit motive triggers the transformation of cricket from just a game to the present version, of “Cricketainment”. During the time of metropolitan modernity, cricket with advent of technology has all the ingredients of a live performance. The game even functions as an alternative to cinematic experience during the time of glamorous flagship events like World Cup and IPL as they are screened at multiplexes and theatres across India. Thus, equal blending of cricket, glamour, and media the present version of cricket a commodity to be produced and consumed.

Readings:

- ❖ Astill, James: Introduction” to The Great Tamasha: Cricket, Corruption and the Turbulent Rise of Modern India
- ❖ Haigh, Gideon: Cricket and Television: Crowds and Powerlessness
- ❖ Boyle, Raymond and Richard Haynes.: Power Game: Why Sport Matters to Television
- ❖ Sullivan, B. David: Broadcast Television and the Game of Packaging Sports

Module 6: Understanding the Unholy Trinity – Cricket, Media and Bollywood Time

10 Hrs.

The advent of IPL has aggravated the progress of cricket beyond its natural identity of being just a game. It has revolutionized the way cricket was being played and watched. Hence, the capsule version of the game deserves to be viewed as the pinnacle of commercialization in sports. IPL added to the theatricality of the game and has Bollywoodized it beyond redemption, thus leaving the game completely into the hands of the capitalistic framework. This unit explores the shades of the aforementioned transformation and what it has cost the game. IPL ideally demonstrated the hitherto unexplored commercial prospects of cricket in India and

across commonwealth by bringing together cricket and entertainment and making it “cricketainment”. The course evaluates these developments and how it symbolizes the changing culture of the country. IPL has increased the depth of addiction for cricket in India certainly for reasons that are outside the purview of the game. Thus, this unit attempts to examine the good, bad and ugly of cricket, Bollywood and media.

Readings:

- ❖ Jalarajan, Sony, and Rohini Sreekumar: Bollywood Sporting Spectacles: Indian Premier League Cricket as a Bollywoodized Media Event
- ❖ Raghavendra, MK: Decoding India’s love for cricket, Bollywood – and why we value individual growth over team endeavours
- ❖ Majumdar, Boria: The Indian Premier League and World Cricket

COURSE OUTCOMES

On completion of the course, the students will be able to:

1. Examines the cultural changes instigated due to the recent developments in cricket, specifically in Indian cricket especially in the context of the general overview of the bond between sport and media.
2. Analyze the current developments in the society in the wake of the causal relationship between sport– predominantly cricket, and media.
3. Evaluates the impact of advertisement industry in the evolution of the game and on the cricket addicted Indian psyche and in meeting the challenges offered by the consumer driven world which transforms everything into a commodity.
4. Evaluate the way the game is represented in cinema and the way this portrayal has impacted the popularity of the game.
5. Investigate into the role of sports and media in the breaking and making of new cultures in the backdrop of equal blending of cricket, glamour, and media the present version of cricket a

commodity to be produced and consumed.

6. Examine the confluence of cricket, Bollywood and media in the context of the politics of existing and emerging culture/ multidisciplinary perspective towards social discourses.

UG21AO033: INTRODUCTION TO BEHAVIORAL ECONOMICS

COURSE OBJECTIVES

The students will be able to:

1. Examine critically the evolution of Behavioural Economics and its implications on from Neuro economics, Cognitive and emotional biases and Mental Accounting.
2. Examine the implications of Bounded rationality, Certainty/possibility effects, Dunning-Kruger effect, and Dual-system theory to mental accounting in the context of behavioural Economics.
3. Evaluate the role of Heuristics, emotion, beliefs and institution in investment decision making.
4. Compare and contrast role of the Intertemporal Choice models and its relationship with alternative intertemporal choice available for decision making in future.
5. Illustrate the role of Behavioral Game Theory, Nudge vs. boost that shape the Consumer decision making in the context of Strategic interaction.
6. Relate the implications of standard economic model on factors affecting fairness and social preferences in the context of decision making.

Module 1: Introduction to Behavioural Economics

10 Hrs.

Introduction to Behavioral Economics- Origins of Behavioral Economics- evolution and culture-methods, Objective and scope- Neuro economics- Money illusion- Behavioral Science in Practice – Principles, agents and rational choice – Cognitive and emotional biases – Mental Accounting

Module 2: Basic Concepts of Behavioural Economics

10 Hrs.

Behavioural Economics Concepts - Bounded rationality- Certainty/possibility effects- Choice architecture- Choice overload- Cognitive bias- Confirmation bias- Decision fatigue- Decision staging- Dunning-Kruger effect- Dictator game-, regret avoidance and mental accounting- Diversification bias- Dual-self model-Dual- system theory- Endowment effect-Framing effect-Gambler's fallacy- Halo effect-IKEA effect-Licensing effect-Mental accounting

Module 3: Economic Behaviour

10 Hrs.

Heuristics- simple heuristics for complex choices- biases heuristics - judgement under risk and uncertainty- role of emotion, beliefs and institution in decision making

Module 4: Intertemporal Choice

10 Hrs.

Intertemporal Choice- Temporal Choice- (Discounted utility model) - Market Implications (Samuelson's experiential discounting model, hyperbolic discounting) - modifying the instantaneous utility model- alternative Intertemporal choice

Module 5: Strategic Interaction

10 Hrs.

Behavioral Game Theory -mixed strategies- bargaining- iterated games- Social preferences: Fairness, trust, cooperation and reciprocity- Norms- Limited Strategic Thinking- Choice architecture: Nudge, Nudge vs. boost- Behavioral public policy-Understanding Consumer decision making and using behavioural insights

Module 6: Fairness and Social Preferences

10 Hrs.

Standard economic model- factors affecting social preferences- inequality-aversion model- reciprocity models- role of evolutionary psychology

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Extrapolate any three pivotal concepts of Behavioural economics; and keeping the present scenario in mind formulate any four applications of it.
2. Identify the behavioural patterns enabling Individuals to attain an outcome on making decisions. Formulate a road and present it in the form of a report.
3. Scrutinise the theory of Nudge, and identify the concepts discussed in it

4. Analyse the concept of strategic interactions and evaluate – (i) Mixed strategies (2) Bargaining (iii) Iterated games
5. Create a custom economic model encompassing the factors affecting social preferences

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Examine critically the evolution of Behavioural Economics and its implications on from Neuro economics, Cognitive and emotional biases and Mental Accounting.
2. Examine the implications of Bounded rationality, Certainty/possibility effects, Dunning-Kruger effect, and Dual-system theory to mental accounting in the context of behavioural Economics.
3. Evaluate the role of Heuristics, emotion, beliefs and institution in investment decision making.
4. Compare and contrast role of the Intertemporal Choice models and its relationship with alternative intertemporal choice available for decision making in future.
5. Illustrate the role of Behavioral Game Theory, Nudge vs. boost that shape the Consumer decision making in the context of Strategic interaction.
6. Relate the implications of standard economic model on factors affecting fairness and social preferences in the context of decision making.

UG21AO034: WORLD HISTORY & POLITICS

COURSE OBJECTIVES:

The students will be able to:

1. Evaluate the source of historical facts and facets of historical developments in the context of value judgement
2. Examine the facets of political developments in the context of Law, political obligation and resistance, basic political value and rights
3. Illustrate the facets of political developments behind rise and fall of empires right from Persian empire, Ancient Greece, Roman Empire China to Expansion of Europe
4. Analyse the social causes that led to revolutions and decolonization right from the American war of Independence, French Revolution to Decolonization.
5. Examine critically the evolution of Modern western political thought and philosophy right from Aristotle to Marx on Dialectical Materialism
6. Evaluate critically the evolution of Indian Political thought right from Manu to Nehru

Module 1: Introduction to History

5 Hrs.

Greco-Roman tradition, Indian tradition, Medieval Historiography, Sources of history, Different models in history writing-cyclical, linear and post modernism, Value judgements and abuse in history.

Module 2: Introduction to Politics

5 Hrs.

Politics- nature, subject matter of politics, normative, empirical and feminist approaches to politics, important select concepts: Law, political obligation and resistance, basic political value and rights

Module 3: Perception of the past

15 Hrs.

Major developments and rise of empires-Persian empire, Ancient Greece,

Roman Empire China, Expansion of Europe

Module 4: The age of revolutions and decolonization 15 Hrs.

The American war of Independence: social causes, French Revolution: fall of monarchy, age of romanticism, Russian Revolution: fall of Romanov Dynasty, Europe: rise of fascism, Nazi Germany, Decolonization

Module 5: Modern western political thought and philosophy 10 Hrs.

Aristotle on citizenship – Jean Jacques Rousseau romanticism, social contract – Machiavelli on human nature and religion-Hobbes on scientific materialism, Marx on Dialectical Materialism

Module 6: Indian Political thought 10 Hrs.

Mau-social laws- Kautilya- theory of state- Vivekananda-idea society-Gandhi-Swaraj- Ambedkar-social justice- Tagore-critique of nationalism-Nehru-democracy

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Curate a flow chart on historical events pertaining to the Roman era
2. Collate a model of Persian Empire depicting the life and times of that era.
3. Analyse and identify the differences and commonality between the western and Indian political thought.
4. Evaluate the events of French revolution, and factors leading to their cause and outcomes.

COURSE OUTCOMES

After completion of the course, the students will be able to:

1. Evaluate the source of historical facts and facets of historical developments in the context of value judgement
2. Examine the facets of political developments in the context of Law, political obligation and resistance, basic political value and rights
3. Illustrate the facets of political developments behind rise and fall of empires right from Persian empire, Ancient Greece, Roman Empire China to Expansion of Europe
4. Analyse the social causes that led to revolutions and decolonization right from the American war of Independence, French Revolution to Decolonization.
5. Examine critically the evolution of Modern western political thought and philosophy right from Aristotle to Marx on Dialectical Materialism
6. Evaluate critically the evolution of Indian Political thought right from Manu to Nehru

UG 21AO 035 - WEB DESIGNING

COURSE OBJECTIVES

The student will be able to:

1. Define the principles of Web page design
2. Examine the determinants of web site in the context of its utility
3. Apply HTML for developing websites
4. Design style sheets of CSS technology by using HTML.
5. Develop the website for publishing on line content and updating the same on periodically
6. Use website to promote digital marketing by embedding necessary features and functions

Module 1: Web Design Principles

3 Hrs.

Basic principles involved in developing a web site. Planning process- Five Golden rules of web designing- Designing navigation bar- Page design- Home Page Layout- Design Concept.

Module 2: Basics in Web Design 5 Hours

Brief History of Internet.- Concept of World Wide Web- Reasons to create a web site- Web Standards. Audience requirement

Module 3: Hyper Text Markup Language

12 Hrs.

Meaning & Concept of HTML- Types of HTML Documents- Basic structure of an HTML document- Creating an HTML document- Mark up Tags- Heading-Paragraphs- Line Breaks & HTML Tags- Introduction to elements of HTML- Working with text, lists, Tables, frames, hyperlinks, images and multimedia, forms and controls- Practical classes.

Module 4: Cascading Style Sheets (CSS)

20 Hrs.

Meaning and Concept of Web Browsers- Creating style sheet- Properties- Styling (Background, text, format, controlling fonts)- Working with block elements and objects- Working with Lists and

Tables, CSS Id and Class. Box Model (Introduction, Border properties, Padding Properties, Margin properties)- CSS Advanced (Grouping, Dimension, Display, Positioning, Floating, Align, Pseudo class, Navigation Bar, Image Sprites, Attribute selector)- CSS Color- Creating page Layout and Site Designs. Practical classes.

Module 5: Website Publishing

10 Hrs.

Concept of Website- Web hosting or publishing- Creating the Web Site-Saving the site- Working on the web site- Creating web site structure-Creating Titles for web pages- Themes-Publishing web sites- Practical classes- Types of web hosting plans (Shared hosting, VPS hosting, word press hosting, dedicated hosting, cloud hosting, reseller hosting).

Module 6: Digital Marketing

10 Hrs.

Concept of Digital Marketing- Importance- Tools- Strategies- Concept of Search Engine Optimization (SEO)- SEO Marketing- Social media marketing- Content strategy- Web Analytics- Web remarketing- Mobile & affiliate marketing- Online reputation management- Design essentials-The merits, demerits & its applications across the industries

Skill Development

(These activities are only indicative, the faculty can innovate).

1. Design a website using any of the open source applications and customize as per your interest to sell any product or a service.
2. Design a website for an educational institution which is newly venturing into education sector.
3. Analyze the data on any one of website through web data analytics using open source application.

COURSE OUTCOMES

On completion of the course, the student should be able to:

1. Define the principles of Web page design
2. Examine the determinants of web site in the context of its utility
3. Apply HTML for developing websites
4. Design style sheets of CSS technology by using HTML.

5. Develop the website for publishing on line content and updating the same on periodically
6. Use website to promote digital marketing by embedding necessary features and functions

UG 21AO 036 - DANCE COURSE

COURSE OBJECTIVES

The student will be able to:

1. Examine the relationship between human anatomy and its implications on movements.
2. Relates the idea of overall physical development and the impact it has on their personality development.
3. Explain the basic philosophy of Yoga and its contribution to the human mind and body.
4. Display patterns and combinations of the fundamentals of Bharatanatyam and its implications on harmony of Body, Mind and intellect.
5. Adapt techniques of contemporary dance at a basic level.
6. Display patterns and combinations of the Brazilian martial art form Capoeira at a basic level.
7. Combines application of basic choreographic concepts.

THEORY

Module 1:

4 Hrs.

Basic Human Anatomy

Module 2:

4 Hrs.

Concert dance and other mediums of stage

Module 3:

4 Hrs.

Basic framework of Natyashastra

Module 4:

4 Hrs.

Pioneers in Dance - Reflection on their concept of art and why they made it

Module 5:

4 Hrs.

Choreography Design and Concepts

PRACTICAL

Module 6:	8 Hrs.
Conditioning for Movement Practice	
Module 7:	10 Hrs.
Beginner Contemporary Dance	
Module 8:	10 Hrs.
Bharatanatyam	
Module 9:	6 Hrs.
Capoeira	
Module 10:	6 Hrs.
Choreography	

COURSE OUTOCMES

On completion of the course, the student should be able to:

1. Examine the relationship between human anatomy and its implications on movements.
2. Relates the idea of overall physical development and the impact it has on their personality development.
3. Explain the basic philosophy of Yoga and its contribution to the human mind and body.
4. Display patterns and combinations of the fundamentals of Bharatanatyam and its implications on harmony of Body, Mind and intellect.
5. Adapt techniques of contemporary dance at a basic level.
6. Display patterns and combinations of the Brazilian martial art form Capoeira at a basic level.
7. Combines application of basic choreographic concepts.

UG21AO037: RURAL MARKETING

COURSE OBJECTIVES:

The students will be able to:

1. Illustrate the role of Rural marketing manager in the backdrop of distinct characteristics of rural market and challenges of the rural marketing.
2. Use appropriate the segmentation, targeting and positioning of a hypothetical rural product/ service in alignment with the factors that influence rural consumers buying behaviour.
3. Design Pricing Strategy that suits characteristics of Rural Product and its phase in the product life cycle.
4. Relate the appropriateness of Communication Strategy with chosen Rural Distribution channel of rural product and Pricing strategy
5. Examine the opportunities of Agri Business in rural and its viability in the context of corporate form of FMCG, Financial services Fertilizers and handicraft and artisan sector.
6. Identify the recent trends in Rural marketing space in the wake of digital technology explosion

Module 1: Introduction to Rural Marketing

10 Hrs.

Nature and scope of rural marketing, rural vs. urban markets, concepts and classification of rural markets, rural marketing environment: rural population, occupation pattern, income generation, location of rural population, expenditure pattern, literacy level, land distribution, land use pattern, irrigation, development programs, infrastructure facilities, rural credit institutions, challenges in rural marketing.

Module 2: Rural Consumer behavior, Market Segmenting, Targeting and Positioning

10 Hrs.

Consumer buying behaviour in rural markets, factors affecting consumer behaviour, rural consumer buying process, diffusion of innovation, rise of rural consumerism

Market Segmentation, Conditions for Effective Market Segmentation, Approaches for Segmenting the Rural Market: Based on Size of Village Population, Based on Location with Respects to Nearby Town, Based on Size of Farmland, rural target market and product positioning.

Module 3: Rural Product and Pricing Strategy

10 Hrs.

Rural product, rural product classification, New Product Development in rural markets, Product Life Cycle strategies in rural markets, product branding in rural markets, building brands in rural India, rural brand loyalty, packaging for rural markets, rural product pricing, objectives of pricing, rural pricing strategies.

Module 4: Rural Distribution and Communication Strategy

10 Hrs.

Accessing rural markets, channels of distribution: wholesaling and rural retail system, rural mobile traders, and prevalent rural distribution models: distribution models of FMCG companies, distribution model of durable companies, Emerging Distribution Models.

Rural communication strategy, challenges in rural communication, communication process, determining communication objectives, designing the message, selecting the communication channels, deciding the promotion mix, creating promotion mix for rural audiences: advertisement, sales promotion, publicity.

Module 5: Corporate Sector in Agri-Business

10 Hrs.

Factors enhancing agri-business opportunities, rural marketing of FMCG's, rural marketing of durables and financial services, rural marketing of fertilizers and agrochemicals, rural marketing of agricultural inputs Rural marketing of handicraft and artisan sector

Module 6: Recent Trends in Rural Marketing

10 Hrs.

Rural India goes mobile and online, internet reach in rural market, rural marketing case studies of new trends: Philips free power radio, rural banking thrust, ICICI rural ATMs, Kissan Credit Cards, insurance reach, project Rural e- Seva and e-Choupal of ITC.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Analyse the marketing strategy of Coca Cola in rural market. Understand the distribution, pricing and advertising strategy in rural India.
2. Identify an automobile brand and analyse its rural marketing initiatives in India and also state the rural consumer behaviour towards automobile.
3. Identify various schemes provided by the Indian Government to enhance rural economy and explain a few of them and their implications.
4. Identify few advertisement of FMCG products sold in rural markets in India and analyse the promotion mix strategy.
5. Prepare a detailed report on rural consumer behaviour towards durable products in India.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Illustrate the role of Rural marketing manager in the backdrop of distinct characteristics of rural market and challenges of the rural marketing
2. Use appropriate the segmentation, targeting and positioning of a hypothetical rural product/ service in alignment with the factors that influence rural consumers buying behaviour.
3. Design Pricing Strategy that suits characteristics of Rural Product and its phase in the product life cycle.
4. Relate the appropriateness of Communication Strategy with chosen Rural Distribution channel of rural product and

Pricing strategy

5. Examine the opportunities of Agri Business in rural and its viability in the context of corporate form of FMCG, Financial services Fertilizers and handicraft and artisan sector.
6. Identify the recent trends in Rural marketing space in the wake of digital technology explosion

UG21AO038: SUSTAINABLE MARKETING

COURSE OBJECTIVES:

The students will be able to:

1. Illustrate the role of sustainable marketing manager in the backdrop of sustainability challenges and opportunities of global context of sustainable marketing.
2. Plan for sustainable marketing strategy with special reference to segmentation, targeting and positioning of a hypothetical sustainable product/ service in alignment with consumers buying behaviour of sustainable consumption.
3. Design sustainable Pricing Strategy that takes into account sustainable branding, eco cost, environmental Pricing characteristics of sustainable Product and its phase in the product life cycle.
4. Examine the factors relating to sustainable channel network, logistic, chain that determine a viable Sustainable Logistics and supply chain in the context of sustainable retailing.
5. Relate the appropriateness of sustainable promotion Strategy in the context of digital marketing sustainable age.
6. Develop a sustainable marketing plan in line with principle of triple bottom line for a sustainable future.

Module 1: Overview of Sustainable Marketing

10 Hrs.

Marketing in the 21st century, sustainable development, sustainability challenges and opportunities, sustainable marketing, elements of sustainable marketing, influence of sustainable marketing, sustainability and ethics, global context of sustainable marketing

Module 2: Sustainability Marketing Strategy

10 Hrs.

Sustainable Marketing Strategy, sustainable consumer and consumer behaviour, sustainability and consumption, sustainable marketing

values, sustainable marketing environment, green segmentation analysis

Module 3: Sustainable Product and Pricing Strategy **10 Hrs.**

Sustainable product, Sustainable product development, sustainable product development practices, sustainability branding, sustainable pricing, eco cost on pricing, environment pricing strategies

Module 4: Sustainable Logistics and supply chain **10 Hrs.**

Role of channel network, sustainable channel network and management, sustainable logistics and supply chain, sustainable retailing

Module 5: Sustainable Promotion **10 Hrs.**

Sustainable integrated marketing communication, sustainability in advertising, sales promotion and publicity, sustainable marketing campaign, digital marketing in sustainable age

Module 6: Sustainable Marketing Plan **10 Hrs.**

Sustainable marketing plan, developing a future of sustainable marketing plan

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Find a company of your choice and research its sustainability efforts and describe the specific measures they took to produce/sell/package/dispose of more sustainably.
2. Find TWO FMCG Products belonging to the same product category, one of the products should be a good example of sustainable production and one a bad example. Analyse the two products based on sustainability.
3. Analyse the trends of sustainable marketing adopted by companies in the world and in India.
4. Walmart is using their retail power to pressure their suppliers and vendors to help the company achieve its sustainability goals. How do you feel about this approach? Contrast it versus P&G's approach.

5. Identify an example of a “green” product offered by a company. Discuss and analyse the current value proposition of the product. What are the sustainable marketing mix strategies (Ps) offered by the company? Discuss the sustainable marketing strategies and practices of the company.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Illustrate the role of sustainable marketing manager in the backdrop of sustainability challenges and opportunities of global context of sustainable marketing.
2. Plan for sustainable marketing strategy with special reference to segmentation, targeting and positioning of a hypothetical sustainable product/ service in alignment with consumers buying behaviour of sustainable consumption.
3. Design sustainable Pricing Strategy that takes into account sustainable branding, eco cost, environmental Pricing characteristics of sustainable Product and its phase in the product life cycle.
4. Examine the factors relating to sustainable channel network, logistic, chain that determine a viable Sustainable Logistics and supply chain in the context of sustainable retailing.
5. Relate the appropriateness of sustainable promotion Strategy in the context of digital marketing sustainable age.
6. Develop a sustainable marketing plan in line with principle of triple bottom line for a sustainable future.

SEMESTER IV
FSD 15 401: ENVIRONMENT AND PUBLIC HEALTH

COURSE OBJECTIVES

The students will be able to:

1. Identify the environmental Factors that determine public health and its contribution towards Human Development Indices for public health.
2. Describe the change of Agricultural activities, Industrial activities and life style, and influence on climate change and its implication on Public health.
3. Identify the Factors that determine Good health and type of diseases that affect health due to lack of management of hygiene in public places and Sanitation, Poverty and change of Life style.
4. Analyze the role of alternative systems of Medicine and intervening Programmes of Government of India in providing Public health.
5. Analyze the role of local bodies and its policies, practices with respect to solid waste management as per Environmental Protection Act, Forest Conservation Act, Wild Life Protection Act, Water and Air Act and Industrial, Bio Medical and Ewaste disposal rules.

Module 1 - Linkages between Environment and Health 10 Hrs.

Understanding linkages between Environment and Public Health: Effect of quality of air, water and soil on health. Perspective on Individual health: Nutritional, socio-cultural and developmental aspects, Dietary diversity for good health; Human developmental indices for public health.

**Module 2 - Climate Change and Implications on Public Health
12 Hrs.**

Global warming - Agricultural practices (chemical agriculture) and Industrial technologies (use of non-biodegradable materials like plastics, aerosols, refrigerants, pesticides); Manifestations of Climate change on Public Health- Burning of Fossil fuels , automobile emissions and Acid rain.

Module 3 – Diseases in Contemporary Society

14 Hrs.

Definition- need for good health- factors affecting health. Types of diseases - deficiency, infection, pollution diseases- allergies, respiratory, cardiovascular and cancer Personal hygiene- food- balanced diet. Food habits and cleanliness, food adulterants, avoiding smoking, drugs and alcohol- Communicable diseases: Mode of transmission -epidemic and endemic diseases. Management of hygiene in public places - Railway stations, Bus stands and other public places- Infectious diseases: Role of sanitation and poverty case studies on TB, diarrhea, malaria, viral diseases .Non-communicable diseases: Role of Lifestyle and built environment- Diabetes and Hypertension

Module 4 - Perspectives and Interventions in Public Health 14 Hrs.

Epidemiological perspectives – Disease burden and surveillance; Alternative systems of medicine - Ayurveda, Yoga, Unani, Siddha and Homeopathy (AYUSH); Universal Immunization Programme (UIP); Reproductive health-Youth Module for Victory on AIDS (YUVA) Programme of Government of India- Occupational health hazards- physical-chemical and biological- Occupational diseases- prevention and control

Module 5 - Environmental Management Policies and Practices

10 Hrs.

Solid waste management system in urban and rural areas- Municipal Solid waste rules- Policies and practices with respect to Environmental Protection Act, Forest Conservation Act, Wild life protection Act, Water and Air Act, Industrial, Biomedical and E waste disposal rules.

Skill Development

(These activities are only indicative, the Faculty member can innovate)

1. Examining local cuisines for dietary diversity.
2. Examining National Health Survey data e.g. National Family Health Survey, Annual Health surveys.
3. Survey of Immunization coverage in a particular area.
4. To establish if there is a relation between GDP and life expectancies/Health parameters.
5. Survey of Respiratory allergies.

6. Examining household / institutional / market/neighbor- hood wastes and their disposal mechanism.
7. Survey of households along the Arkavathi and Cauvery River for life expectancy and common ailments and diseases.
8. Determine the extent of use of paper and suggest means of reducing the use of paper and paper products.
9. Documentation of festival/fasting and mapping of agro- ecological cycles.
10. Definitions of poverty - Governmental policies on poverty mitigation - facts and fiction.
11. Health indicators vis- a-vis income groups.
12. Deforestation and flooding - myth or fact?
13. Smoking and Lung Cancer
14. Estimation of water-demands of a city/town.
15. Adapting water-harvesting technology - survey, sustainability.

COURSE OUTCOMES

After completion of the course the students will be able to:

1. Identify the environmental Factors that determine public health and its contribution towards Human Development Indices for public health.
2. Describe the change of Agricultural activities, Industrial activities and life style, and influence on climate change and its implication on Public health.
3. Identify the Factors that determine Good health and type of diseases that affect health due to lack of management of hygiene in public places and Sanitation, Poverty and change of Life style.
4. Analyze the role of alternative systems of Medicine and intervening Programme of Government of India in providing Public health.
5. Analyze the role of local bodies and its policies, practices with respect to solid waste management as per Environmental Protection Act, Forest Conservation Act, Wild Life Protection Act, Water and Air Act and Industrial, Bio Medical and Ewaste disposal rules.
