ABOUT SJCC

St. Joseph's College of Commerce (SJCC) began as a Department of Commerce in 1949 at St. Joseph's College [Estd. 1882]. This department was moved to the Brigade Road campus in 1972 and became an independent college under the name St. Joseph's College of Commerce [SJCC]. SJCC is affiliated with Bengaluru City University. Currently, there are more than 3000 students pursuing B.B. A, B. Com, B. A, B.Sc., and M. Com programs at SJCC. St. Joseph's College of Commerce was conferred Autonomous status in October 2004 and recognized as a 'College with Potential for Excellence' in February 2010 by UGC.

The college is reaccredited with an A++' grade by the National Assessment and Accreditation Council. It has been consistently ranked within the top 100 colleges by the National Institutional Ranking Framework, and MHRD. Since its inception, the college has been a state-of-the-art space for Commerce and Management Education focusing on multi-dimensional responses to the significant changes and developments in the field of Higher Education as well as in the domain of Commerce and Management.

ABOUT E-CELL

The Entrepreneurship Cell at St. Joseph's College of Commerce seeks to instill an Entrepreneurship drive among the students of the college. With its numerous workshops, seminars, and events, it aims to further the student's understanding of business from how to chalk out a business plan to execute it. The E-Cell envisions nurturing the innovative potential of every student, in a bid to invigorate and inspire them to get one step closer to their entrepreneurial vision. From networking, and business modelling to investor pitches. The Entrepreneurship Cell continuously strives to provide students with a platform to holistically develop, learn and expand the horizon of opportunities that lie before them.

E-SUMMIT 2023

BEYOND THE BOUNDARIES OF INNOVATION

Beyond the boundaries of innovation in entrepreneurship and business lies a dynamic landscape where visionary leaders push the envelope of what's possible. They transcend conventional thinking, leveraging cutting-edge technologies, creative problem-solving, and an unwavering commitment to disruption. In this realm, the spirit of entrepreneurship transcends traditional sectors, birthing novel business models, sustainable practices, and groundbreaking products. Collaboration becomes the cornerstone, as these pioneers seek partnerships across industries, fostering a global ecosystem of innovation. Here, risk-taking is embraced as a catalyst for growth, and failure is seen not as an endpoint but a stepping stone towards ever-greater achievements. The future of entrepreneurship and business, beyond these boundaries, holds the promise of reshaping industries, improving lives, and advancing the frontiers of human potential.

In the ever-evolving landscape of entrepreneurship and business, innovation has become the catalyst propelling enterprises beyond conventional boundaries. It represents the relentless pursuit of novel ideas, technologies, and strategies that not only disrupt established norms but also redefine the possibilities. Beyond the confines of tradition, innovative entrepreneurs harness the power of cutting-edge technologies, embrace global connectivity, and prioritize sustainability and social impact. They create products and services that resonate with the changing needs and desires of consumers, paving the way for new market dynamics. This relentless pursuit of innovation transcends borders, inspiring collaboration across industries and nations, driving economic growth, and shaping a future where the only constant is change. Through our endeavors at E-SUMMIT 23 we strive to give our participants an insight into this dynamic ecosystem in order to equip our young entrepreneurial minds with the necessary skill sets to innovate, invigorate and inspire.
