PROLOGUE

St. Joseph's College of Commerce is one of the top educational institutions in India offering various opportunities for students to pursue their careers in the fields of business, management, accountancy and finance. With the motto "Fide et Labore" (Faith and Toil), the college aims at shaping a society of inclusive minds to cater to the diversity of our country.

The B.Com (Professional - International Accounting and Finance) programme has been designed in collaboration with the Association of Chartered Certified Accountants (ACCA), UK, with the objective of providing students with a deeper knowledge and understanding of subjects thereby making it a challenging, yet rewarding course to students with high career aspirations.

Invision, the official newsletter of the programme has been designed with a view to shed light upon current events happening within various corporate fields in order to help students inculcate a strong sense of ethics and corporate values, especially with regards to the accountability, transparency and responsibility of a professional in the business world.

EVENTS

Throughout the year, our schedule was enriched with a multitude of events where students had the opportunity to glean insights from industry experts. Here are some noteworthy examples.

ACCA freshers orientation

The inaugural event we hosted was the ACCA orientation seminar which aimed at offering an orientation on ACCA and ISDC. The event was attended by the first year B.COM students seeking a deeper insight into the course.

Career Progression with ACCA

During this session, two of our alumni, Ms. Nisha Singh and Mr. Tony Benny, shared insights into their college experiences, illustrating how they managed to successfully navigate their ACCA exams amidst their demanding academic schedules and how their careers progressed thereon. They also offered guidance and addressed some of the doubts we had, providing valuable solutions during the session.
