ABOUT THE INSTITUTION

St. Joseph's College of Commerce (SJCC), formerly a part of St. Joseph's College, established in the year 1882, is managed by the Bangalore Jesuit Educational Society (BJES). The BJES is a unit of a Catholic religious order called the Society of Jesus founded by St. Ignatius of Loyola in 1540. The Department of Commerce was established at St. Joseph's College in the year 1949 which later became an independent college with its own building on Brigade road in the year 1972. The college has in its vision a model for higher education which encourages individuals to dream of a socially just world and in its mission a strategy to empower individuals in realising that dream.

With an objective to impart quality education, the college has been innovating in all aspects of higher education. These innovations were further bolstered with the granting of autonomous status to the college by UGC in September, 2005. From then on, the college has taken a lead in reforming curriculum and syllabi, examination and evaluation pattern, and teaching and learning processes through the Board of Studies, the Academic Council, and the Governing Council composed of eminent academicians, industry experts, and notable alumni. The college has undergone four cycles of NAAC accreditation starting from the year 2000 in which it secured 'five stars'. The college was graded an 'A' grade, in the year 2007 and 2012. and recently in February 2021 the college was re-accredited with an 'A++' grade and a CGPA of 3.57/4. SJCC is one of the first colleges in Karnataka and the very few institutions in the country to have secured A++ grade in the fourth cycle under the Revised Accreditation Framework (RAF). In 2010, the college was declared a 'College with Potential for Excellence'. In 2011, SJCC was recognised as a Research Centre by Bengaluru City University. The college is ranked 55th in the National Institutional Ranking Framework (NIRF) ratings of the Ministry of Education, Government of India in 2024. Since its inception, the college has offered diverse programmes in Commerce and Management.

ABOUT THE PROGRAMME

B.Com (Professional – Strategic Finance) programme has been designed in collaboration with the Institute of Management Accountant (IMA), USA to provide students with the unique opportunity to pursue their CMA qualification in tandem with their under graduation. The Certified Management Accountant (CMA) is the highest level of certification in management accounting awarded by IMA, USA. This Programme enables the students to obtain substantial fundamental knowledge of various financial and management accounting subjects. The core subjects will be taught by experienced professionals from the industry as well as by competent faculty of St. Joseph's College of Commerce.

ABOUT THE SEMINAR

The Department of Professional Programmes (B.Com Strategic Finance – US CMA), St. Joseph's College of Commerce, Bengaluru, proudly presents INFLECTION: Redefining Finance in the Age of AI, a City-Level Seminar for 1st, 2nd, and 3rd year B.Com Strategic Finance students. The seminar brings together students, academicians, and industry experts to explore how Artificial Intelligence is reshaping finance and the future of the profession. As finance evolves through automation, data intelligence, and digital innovation, INFLECTION aims to bridge the gap between academia and industry by equipping students with future-ready knowledge, practical insights, and emerging career perspectives. Reflecting the vision of the B.Com Strategic Finance – US CMA programme, the seminar fosters analytical thinking, strategic decision-making, and technology-driven financial expertise.

OBJECTIVES OF THE SEMINAR

- Equipping students with future-ready professional competencies, by examining how artificial intelligence, automation, and evolving workplace expectations are reshaping careers, enabling participants to understand the skills required to thrive in a dynamic professional environment.
- Bridging academic learning with evolving corporate expectations, by connecting classroom knowledge with practical industry insights, helping students understand workplace culture, corporate expectations, and the transition from academic life to professional careers.
- Fostering strategic thinking and career preparedness, by encouraging students to develop analytical abilities, adaptability, and a growth-oriented mindset that supports informed decision-making and long-term success in competitive professional environments.
- Strengthening industry awareness and professional perspectives, by providing opportunities to learn from experienced industry leaders, understand current business practices, and gain valuable insights into emerging career opportunities and professional expectations.
