SEED MONEY RESEARCH GRANT POLICY

1. Eligibility to Act as Investigator

Eligibility to act as a principal investigator (PI) or co-principal investigator (Co-PI) on internally funded projects is a privilege limited to the faculty members of the St. Joseph's College of Commerce (Autonomous). This policy limitation is in place because PIs are responsible for determining the intellectual direction of the research and scholarship.

2. Pending Appointments for New Faculty

Faculty whose appointment start date is in the future may apply for proposals, provided the appointment has been approved by the Governing council of the BJES. In addition, an award cannot be accepted until the member's appointment has begun.

3. Faculty Members Appointed under Short Term Leave Vacancy

Faculty members appointed on short term leave vacancy of a permanent faculty member will not normally be eligible for applying for any research grant in the capacity of PI. However, they can work as co-investigator after obtaining prior approval of the Principal.

4. Faculty Members Appointed under Long Term Leave Vacancy

Faculty members working under long term leave vacancy of a permanent faculty member are eligible to apply for minor research projects, provided they have a minimum six months service period left after sanctioning of the grant.

5. New Investigator Confirmation

Applicants who wish to apply as a New Investigator must seek confirmation of their eligibility to apply in this category by 30th June of every academic year. The early application and notification process is intended to allow the applicant(s) time to adjust the investigation team if they do not meet the eligibility criteria.

6. Conditions for PI Requests

PI requests from faculty members are subject to the following conditions:

- i Any member of the teaching faculty who is desirous of applying for BJES Grant for research project (Minor/Major) should submit an application for grant in the format given under Annexure-I of Guidelines for BJES Grant.
- ii The proposed research must be judged by the St. Joseph's College of Commerce (Autonomous) Research Centre (SJCCRC) Director to be programmatically relevant to SJCCRC's mission. Proposals that are not deemed to be consistent with SJCCRC's mission will not be approved.

- iv SJCC RC reserves the right to verify the progress and timeliness of the research project undertaken by the faculty member.
- v The research must be conducted in accord with the Institution's policies concerning the conduct of research.

7. Criteria for Granting Rare Exceptions

- i The proposed research must meet a programmatic need of St. Joseph's College of Commerce (Autonomous). Meeting a programmatic need means addressing an area of investigation that is not currently covered at SJCC RC and is endorsed by a sponsoring member of the SJCC RC as directly relevant to and supportive of the research or teaching programs of the faculty. Research that may be important in its own right and for which outside funding is available will not be judged as meeting the programmatic need criterion unless it facilitates the ongoing objectives of the Institution in an identifiable and direct way.
- ii The proposed research cannot be funded and/or conducted effectively at SJCC RC unless the proposed individual is the PI. Among other things, this generally will mean that there is no

member of the Governing Council available to take the responsibility for the scientific direction of the project.

- iii The proposed PI's qualifications to direct the project provide assurance that the work will be conducted in accord with the standards of excellence of the Institution.
- iv No incremental space will be required for the project.
- v The research must be designed and conducted in such a way that work can be discontinued when programmatic need ends or if the sponsoring agency ceases to allot funds.

Exceptions to the PI eligibility policy will be rare in situations other than those described in Sections mentioned above.

A written copy of any such requests in the application format given under Annexure-I of Guidelines for BJES Grant, along with the justification and approvals of the expert committee constituted by the BJES at the SJCC Research Center, the Director SJCC RC, the Principal of SJCC should accompany the project proposal submitted to the SJCC RC.

8. Appeals:

9. Review the PI Eligibility and Criteria

The PI Eligibility and Criteria for Exceptions policy, including all modifications, should be reviewed by the expert committee constituted by the BJES at the SJCC Research Centre in a period not more than five years from January 2016, and thereafter periodically at intervals not to exceed ten years.
